"Homecoming" '77

The clouds of victory and of "Dreams" filled the air of the night October 29. It was Scotus Homecoming and after the Homecoming mass at Saint Anthony's the Shamrocks were ready to stomp the Grand Island Crusaders, 27-0. Yet this was only a beginning.

"DREAMS" the theme that decorated Saint Isidores Hall by clouds of streamers and visions of special dreams and memories were all part of the setting of Homecoming '77. The candidates, waltzing down the aisle to the flashy sights of flashbulbs that outlined the anxious crowd. Who is the king, who is the queen? And the voice booms over the silent anxiety;

"This years 1977 king is.... Pat Novicki and he'll crown this years 1977 Homecoming Queen.... Mary Shadle- amid tears of joy and cries of delight the new royalty kiss and dance a start of a very exciting night for all concerned.

As the years' 1977 Royalty finish their dance they are applauded by all the candidates, Tim Hroza, Lynette Hogelin, Steve Korger, Colleen Tooley, Bill Van Lent, Kelli Tooley, Shelly Davidson, Randy Brezinski, Chris Kaasch and John Heiman, and a happy crowd of students, parents of all, teachers, and alumni happy to welcome the New Years' Royalty.

Congratulations Mary and Pat!

What Do You Have To Lose?

A youth was stopped for a traffic violation. The public safety officer recognized the odor in the violator's car and it was found had a few "joints" with him. He was convicted of a Marijuana possession, an automotive felony, and received a suspended sentence. Maybe you think that is a pretty light sentence and something he could take in stride and that he didn't lose much. Well all he lost was his right to vote, to own a gun, the right to run for public office. He lost the chance to ever be a licensed doctor, dentist, certified public accountant, engineer, lawyer, architect, realtor, school teacher, funeral director, stock broker. He can never be bonded or licensed, he can't work for the city, county, state, or Federal government. He can't be admitted to West Point, Annapolis, or Air Force Academy.

Now, what do you have to lose?

They finally caught up with me!

THE HUNT

The alarm clock rang with all the gentleness of a cold slap across the face, and I woke up. Since I pride myself in not disturbing anyone when I get up early, I let the alarm ring a mere 15 minutes and then promptly pull myself out of bed to shut it off. I dressed, grabbed my trusty rusty 12-gauge, and with my cousin, take off to our "secret" hunting spot.

When we arrived, we learned that at least 7 other hunters have the same "secret" hunting spot we do. Undaunted, we began.

We realized that either the ducks were smarter than us and slept late, or some duck had seen us and quacked the warning to all his buddies. At any rate, we ripped our jackets crossing a barbed-wire fence, and headed to the next field.

After getting some new mud on our boots, we once again began walking---and walking. Finally the endless monotony is broken; we crossed a fence. Then we continued, the monotony following walk, walk, walk, cross-a-fence-and-walk some more.

At last it happens, the thing that makes every hunter's heart skip a beat and turn around--- the sound of a duck flying out of the brush. BOOM! BANG! BANG! BOOM!

"Well," he says, "It was a small duck anyway."

"Yes." I agreed, "And a slow one too I lead it perfect and it didn't make it there in time."

"Probably a dumb duck too." He said.

"Of course," I agreed again, "Why else would it sit in a dry warm bush eating corn for breakfast?" It could be he was cold, wet, and hungry like us.

"Ducks," he said one more time, "Just don't know how to live."

"That," I agree one more time, "Is certain." And with that, we once again began to walk.

By the time our gun barrels cooled off enough to be just about as cold as our toes, we again heard the sound that makes hunters hearts-- skip a beat and turn around: BOOM! BANG!--BANG! BOOM!

"It dropped!" I yelled.

"It fell!" He screamed.

"I got it!" I yelled.

"I nailed it!" He screamed.

"You're crazy!" I yelled.

"You're blind!" He screamed.

During the course of our conversation, we have both been striding towards our dead duck. When we reached it, he bent down to pick it up.

"Hold it," I said, "I aimed for the head, so if he's hit in the head, he's mine."

"Alright," he said, "I aimed for the back, so if he's hit in the pin feathers or above, he's mine."

With that, we both bent down to pick it up, I grabbed the head and searched, he grabbed the pin feathers and does likewise.

I felt that his head wasn't dented so I said "You got it".

"His pinfeathers aren't ruffled either, so you got it." He said.

"You're crazy," I said.

"You're blind," He said.

And so I grabbed the pinfeathers and he grabbed the head, and again we searched, and again we come up with an undented head and unruffled pinfeathers.

At long last we decide that the reason the duck's feathers grasped his chest when we found him was because he had a heart attack; and that such a heart attack was the probable cause of death---of course we also decide that no one had to know but us.

And so, with warm duck and cold feet, we returned home---The Mighty Hunters.

Pride Keeps 'Em Moving

A 7-2 record would seem like quite an accomplishment to most people. But, at Scotus, where success is a way of life, this year's football season proved somewhat disappointing.

The Shamrocks first game, against defending Class B state champions, Schylur, was touted as the premier game in the state. Scotus had high hopes as they entered the friendly confines of Memorial Stadium that fateful autumn evening, but when the dust had settled, they found themselves on the short end of a 14-8 score. Many people wondered if the Shamrocks could bounce back from such a devastating loss. These doubts were quickly dispelled, however, when the Green and White proceeded to ambush their next 4 opponents: 3 by shutouts and a 57-6 drubbing of Omaha Holy Name.

A good shot at a state playoff berth, ranked in the top 5 in Class B, a 4 game winning streak: all of these things would seem like enough to motivate anyone. But, motivation seemed to be lacking as the Shamrocks took the field against Wahoo Neuman. The result: another heart-breaking 14-8 setback. Any playoff hopes went down the tubes! Once again, however, it was that Scotus pride which led the team onward. After a lack-luster 19-0 victory at Boystown, they trounced hated rival David City Aquinas, in what was probably the Shamrocks finest game of the year, by the convincing margin of 33-6. In the final game, Homecoming, Scotus won by a knockout (literally), 27-0 over a fiesty Grand Island Central Catholic bunch.

Head Coach Jim Puetz, along with assistants; Randy Berlin, Gary Puetz, and Vern Younger credited a record number. 22 seniors for this year's Shamrocks success. Several players who made outstanding contributions were:

- 1.) Tim Hroza (tri-captain) who gained 1330 yards rushing and was voted MVP by the team.
- 2.) Randy Brezinski (tri-captain) who showed outstanding leadership as he quarterbacked the team for the second year in a row.
- 3.) Tom Jarecke was voted most Valuable Line man, he was truly amazing at his offensive guard-spot.
- 4.) Pat Novicki (tri-captain) was a dependable linebacking tandem, and led the team in tackles.
- 5.) Steve Korger also led the team in tackles.
- 6.) Rex Kumpf, an unsung hero, whose vicious blocking was instrumental to the Shamrock running attack.

There were others, whose contributions to the team may not have shown up in the statistics, but were, perhaps even more important than those

There were others, whose contributions to the team may not have shown up in the statistics, but were, perhaps even more important than those mentioned above.

The Scotus Football team would also like to thank the pep-club, parents, and all the other fans for their unwavering support. Without whose backing, these accomplishments would never have been made possible.

ROUND UP

'77 Squad

Experience will be a definite plus on this year's Shamrock football team. Twenty-two seniors spice the varsity roster, which includes juniors and sophomores. With only one player over 200lbs. the Shamrocks will be relying on their speed, and, agility, and quickness, as well as their depth, which should prove very valuable.

On offense, several positions were vacated from last year's 8-3 team, but a little problem was foreseen in filling them. Spreadheading the offense is last year's 1000 yard rusher, Tim Hroza expecting to have an even better year in "77".

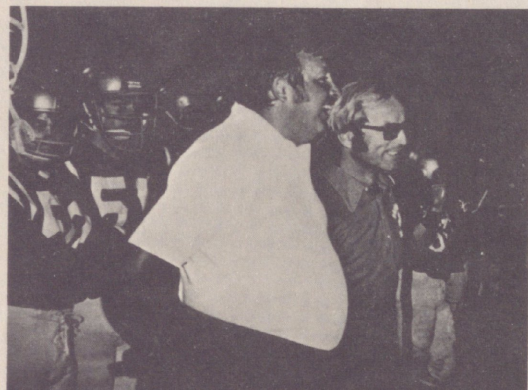

Sharing running duties and throwing key blocks for Hroza will be "sure-handed" fullback Rex Kumpf. Senior quarterback Randy Brezinski once again will do the play calling for the potent Shamrock attack, with capable John Prosocki in reserve. As always an offense geared toward the run will be emphasized, but should Brezinski be forced to resort to the pass, he will find a wealth of able receivers. Junior speedster Mile Cielocha and ends Pat Novicki, Ron Korgie, and Jeff Muhle handle pass receiving chores.

Opposing teams will be hard to convince that the offensive line is Scotus' weak point. Center's, Jim Kielean and Bob Flannery, will be flanked by guards Chris Podany, "amazing" Tom Jarecki, and tackles Bill Van Lent and John Heimann. Others who will be rearing action on the offense are: backs Lavern Kobus, Greg Melcher, and Tom Hoffman, and end Tom Malmstrom.

The defense, although small, looks as tough as ever. A couple of mean middle guards are Tom Williams and versatile Rey Liss who team up with tackles Bill Van Lent, Chris Podany, Mike Bierman, and ends Tim Tinius and John Heiman to make up the defensive line. Line Backers Pat Novicki, Steve Korger, and Rick Shumacher fortify the defense, with cornerbacks Mike Cielocha, Tom Hoffman, Tim Hroza, Lavern Kobus, and safety Gary Shieffer halting enemy arrivals. Bolstering the defense from time to time will be senior lineman: Carl Maca, Dan Duren, Randy Brezinski, and Bob Flannery.

There he goes chasing that cheerleader again!

Cross Country

I never want to be accused of not being original, so I won't write one of these 'cliche' stories where the football coach is quoted to say "We'll win by two touchdowns", not that I wouldn't mind interviewing Jim Puetz, but I've been in his class for four weeks and he hasn't said anything intelligent yet. So instead, allow me to tell you about the Unknown Soldier of high school athletics' Cross Country.

Let's start at the worst practice; you haven't died until you've experienced a Cross Country practice. To liven up the ten mile practices, there are the thrilling Coach Spenceri games. One, for example, is "Heinz". This is where he divides up the runners, putting some way ahead of the others, and the ones from behind have to "Catsup". (Remember, that's not my joke)

For all three of you out there curious enough to come to a C-C practice (that's counting Terry Anderson-Telegram Sports Editor, and God) we almost certainly will be found in the Pawnee Park oval-that wonderful place of hills and holes. I've run around it so often, I know every hole by name. Or we may be at the dike, getting stickers in our socks, or heaven forbid, Camp Luther, which is best described as the place where bad C-C runners go when they die. If we are not at any of these places, we are probably out losing a meet.

I'm sure September 6 was a day none of you had marked on your calendar. This was the day of our first C-C meet at Pawnee Park. (Allow me to thank both fans for coming). If you don't know what to say, the common shout during the race is "Pass that guy!", which I admit, isn't much, but it still beats Vern Younger's immortal, "Come on Ray, stride out!". Our only chance of beating Columbus High, disappeared when none of their guys fell into the Pawnee Park pond.

The next meet was the Wahoo Invitational, where we got killed-literally. To begin with, the course could be compared to the Albion Football Stadium, if you know what I mean. The start had more pushing than Mrs. Koisel's homeroom going to lunch. Todd Zuerlein tripped in one of the many holes to choose from, and was stepped on, shall we say, by the clumsy jerk behind him. I got pushed so far into a tree, that I found out it was seven years old by counting the rings. To sum up our performance, Mr. Spenceri said we would get an ice-cream cone if we did well, we all went home hungry.

To read some fine reporting on our other Cross Country meets, with many details and excellent description, don't consult the Columbus Telegram. To keep any lawyers from visiting, remember, that it is just my opinion.

First musical — smash hit!

Lil'l Abner was presented in the Scotus gym on November 21, and 22nd. Both nights were a big success.

Both Drama and Chorus were very well executed.

The basic story of Lil'l Abner, was in a town called Dog Patch, and the United States government wanted to blow up the town with an atomic bomb. But it was called off by discovering a special Yocumberry Tonic. But alas the tonic was experimentally no good. But finally, the town and government find out that the city statue of Jubilation T. Cornpone was a National Shrine, which concludes the end.

The audience was amazed and comfortable with the outcome. Remember this is the first time Scotus Central High School actually put on a musical.

Much hard work and time paid off when the musical drew large crowds. Congratulations to the entire cast, chorus members, Mr. Ferguson, Mr. Wrage and student director, Karla Heinshon.

Friendship — the Human Need

All of you know what season it is, all of you know the true meaning of this season, and all of you have heard how commercialized Christmas has become. We search our minds and the stores trying to find the appropriate gifts for those we love. We do this because we have a desire to make our loved ones happy and I am sure God will reward us for this good deed.

Have you ever thought how this custom originated? It may stem from the actions of one of the Saints whose feast is celebrated in December. Saint Nicholas would search out those in need and find ways to be of assistance to them. We still do this today by our contributions of food, clothing and money to various organizations or to specific people. Is this enough? I don't think so. I think we tend to overlook one basic human need - FRIENDSHIP. Each of us could, without too much difficulty, find someone in need of friendship. Go one step farther, share your personality with someone who could benefit from it.

Have a Merry Christmas and a Happy New Year.

Mr. Ed Hittner

Carols by the Chorus

The Christmas concert was held on December 18. Swing Choir, Mixed and Freshman Chorus participated in the event. The Senior high chorus sang, among the number's was a semi-rock cantata. Mr. Dave Ferguson instructed the concert, which wished all a "Merry Christmas".

You know it's not your day when ...

- ... your alarm didn't go off and you wake up at 8:25
- ... you get up for school, dress, eat breakfast and find it's only 6:30
- ... someone switches your lock on your locker
- ... you do an experiment in chemistry lab, and your testube blows up
- ... you forget to bring your calculator to Trig
- ... you're in a rush and find out you put on two different socks
- ... the teacher starts handing out a history test that you didn't know about
- ... right when you walk into school in the morning, you slip on the wet floor by the commons and fall
- ... you get to study hall late for 1 day out of the whole year and find out that Mr. Hittner's subbing for your teacher.
- ... you're in P.E. class and you have a fire drill when it's -10 degrees.

Ask Gabby:

Hard working Pep Club!

Dear Gabby:

I'm in love with the most wonderful guy I've ever met (let's call him Jerry). We've been going together for three years now, and after I graduate we plan on getting married. I've got a million friends and get along great with my parents. The honor roll has just come out and guess what? For the first time, I'm on it! I can't believe all the great things that are happening to me. I'll bet I'm the happiest girl in the whole world! Gabby, how can one girl be so lucky?

Happy

Dear Happy: Take that gun away from your head! Killing yourself is no answer. It's obvious that your letter is a last ditch effort to refrain from committing suicide. Now, the first thing to do is dump this jerk, "Jerry"; can't you see what he's doing to you? Next drop out of school and run away from home. You shouldn't have to put up with the abuse they're dishing out. Finally, get counseling, and write me about how things work out. Remember---I care.

Dear Gabby:

My problem is: I'm ugly. I've broken three mirrors already this week, and its only Tuesday. Yesterday, a man threw a stick toward me and said, "Go fetch!" I don't know what to do. I've tried everything, including a paper sack. Gabby, what can I do?

P.M.

Dear P.M.: Your attitude is the problem, dear. Nobody is ugly. You may be extremely homely, but you are not ugly. Have faith, in 20 or 30 years the face transplant will be quite common. For now; get counseling.

Dear Gabby:

My youngest son is 7 years old, and lately he's been asking a lot of those hard-to-answer questions that kids always ask. Now, with Christmas just around the bend, his latest inquiry has been about whether or not there really is a Santa Claus. I really hate lying to the boy, but what else can I do?

Mommy

Dear Mommy: Don't lie to the child! Its very important that he know the whole truth of the matter, which, surprisingly, very few people know about. There is no Santa Claus now, but there used to be one. He was arrested by the narcotics division of the F.B.I. back in 1942. You don't think he got those reindeer to fly by magic do you?

Dear Gabby:

What is the real, true meaning of life?

Just Wondering

Dear Just: M.Y.O.B.---Get counseling---I care.

This year the pep club sold \$6000.00 worth of Christmas items and gifts, candles and jewelry. Compared to last year's \$7600.00, it was a drop although this year, the sales were hampered by the blizzard, and continuous play practice, which didn't give much time to sell.

This years top sellers were:

First Place: \$50 Kim Podany and Julie Jarecke with \$418.50.

Second Place: \$25 Tori Van Berg, Chris Kuta and Deb Bernt with \$349.30.

Third Place: Sharon Placek and Jacki Praposki with \$303.00.

Fourth Place: Patty and Connie Gonka with \$300.00. Third and Fourth place prizes were the choice between a stuffed dog or a face cleanser machine.

Fifth Place: Hazel and Kathy Kosch with \$286.25.

Sixth Place: Linda Warth and Janice Witt \$194.50.

Seventh Place: Cathy Szelag and Brenda Tschantre with \$190.75.

Fifth, sixth, and seventh place prizes were their free choice of jewelry, and a free bus ride.

Volleyball Roundup

This year's volleyball team has ended with a winning season of 8-7. A satisfactory way to begin for the new coach, Mr. Jon Peterson. He will have returning letterman Barb Leuke and Linda Warth next year along with a group of hopeful and enthusiastic freshman, sophomores, and juniors.

This year's group took second place in the Centennial Conference and won six more games than last year.

Some interesting facts and awards were given this year: The most valuable player goes to Pat German, most enthusiastic to Colleen Tooley, and most improved to Kelli Lippstreu. These were coted on by their fellow team members.

Connie Hajek was high scorer with 111 points and Erin O'Hearn was high percentage player with 95% on her serves.

The Junior Varsity had a 5-6 season, they played well this year, and show signs of being a winning team again next year. Julie Hajek had the most points with 75 points, and she also claimed the high percentage.

The Freshman team ended the season with a 4-5 season, they proved to be very enthusiastic as a group and hope to make it a winning season next year.

This year's letterwinners are: Connie Hajek Colleen Tooley, Barb Leuke, Linda Warth, Patti German, Erin O'Hearn, Terri Dreifurst, Shelly Davidson, and managers Anita Feehan and Peg McGillivray.

Congratulations on the winning season to Coach Peterson, and all the team members!

Ask Gabby

Dear Gabby:

This problem has plagued our family for many many years. It seems that half of our family would like the bathroom toilet tissue dispensed over the top, while the other half prefer that it be dispensed from the bottom. We've had numerous heated arguments over this issue, but have yet to find a solution. It's gotten to the point where my husband refuses to use toilet paper until the matter is settled. Needless to say, our under wear bill has risen immensely. Gabby, you're my last hope. What can I do?

Wiped Out

Dear Wiped: Try this: Sew individual toilet dispensers to everyone's clothing. That way they can put the tissue on however they want it, and they can't blame anyone but themselves when they run out.

Dear Gabby:

In last month's column, I noticed that you forgot to dot one of your i's. I know it sounds like a pretty small thing, but as a former grammar teacher, I felt it was my duty to bring this mistake to your attention.

High on English

Dear High: I received over 14,000,000 letters concerning this error and am very sorry for committing it. I have an appointment at the optometrist to have the problem corrected.

Dear Gabby:

I've got athlete's foot! What can I do?
"Itchin"

Dear Itchin: Please give it back. Very few athletes can function properly with only one foot.

Dear Gabby:

Yesterday, my little boy stepped right out in front of a pickup truck. Luckily it was parked, but it really gave me a scare. My next door neighbor suggested that I keep my son on a leash whenever I'm not watching him. It seemed like a pretty good idea, but my husband says no son of his is going to be tied up on a leash. Gabby, I love this boy so much and will do anything for his safety. What do you think about a leash?

Needs Advice

Dear Needs: A leash would be fine. Just make sure and keep the kid away from fire hydrants.

Got a Question? Well, you know what you can do with it...No!! Not that!!! Send them to:

How do your after-graduation plans compare with those of other high school seniors?

Are your plans still pretty much up in the air? Have you thought about trying to find a job? Going on to school? Or, maybe getting some sort of job that will enable you to go to school part-time?

Whatever you're considering, you'll probably compare your possibilities to opportunities other seniors found open to them. Can you check "yes" to at least five of the following as also being in your future plans?

BENEFITS	YES	NO
Guaranteed job	<input type="checkbox"/>	<input type="checkbox"/>
Good pay	<input type="checkbox"/>	<input type="checkbox"/>
Help to continue education	<input type="checkbox"/>	<input type="checkbox"/>
First-class job training	<input type="checkbox"/>	<input type="checkbox"/>
Travel possibilities	<input type="checkbox"/>	<input type="checkbox"/>
Advancement opportunities	<input type="checkbox"/>	<input type="checkbox"/>
Four-weeks' vacation to start	<input type="checkbox"/>	<input type="checkbox"/>

If you didn't check "yes" to at least five of these, you owe it to yourself to find out how you can.

Many other young men and women have discovered all these benefits in today's Army, and you can, too! For a chance to make some after-graduation plans you really can look forward to, call now to arrange a no-obligation interview with your local Army representative.

Scotus Could Have A "Great Year"

by Coach Jim Puetz

The 1978 Scotus track outlook should be bright. We have basically the same team that almost won the state championship last year. A record 35 returning lettermen, and a record 105 boys checked out should give us the potential to have a fine team. But returning lettermen and a large turnout does not always mean instant success. You do not win any contests on paper. To be successful in track it takes tremendous dedication, desire, proper attitude, and a great amount of hard work. Now if we can put these qualities into our track team, I think Scotus could have a great year.

This year we have an unusually large group of Seniors. It is the job of the Seniors to provide the leadership. I feel this year's group can meet the challenge. Seniors that we can expect good things from are: Randy Brezinski, hurdles, John Heimann, sprints, relays, Tim Hroza, jumps, Rich Jochum, distance, Lavern Kobus, sprints, jumps, relays, Steve Korger, sprints, Ron Korgie, middle distance relays, Rex Kumpf, weights, Rey Liss, hurdles, Tom Malmstron, distance, relays, Jeff Muhle, jumps, Pat Novicki, middle distance, relays, Jeff Pekarek, weights, Chris Podany, weights, Bill Van Lent, weights, Gary Schieffer, middle distance, relays.

There are a fine group of quality Junior lettermen this season. This group includes: Mike Cielocha, possibly the best trackman in the state of Nebraska, sprints, relays, Kevin Euteneuer, distance, Tom Hoffman, hurdles, Paul Johnson, hurdles, John Prososki, middle distance, Phil Hajek, distance, Mike Savage, sprints, Rick Schumacher, jumps, relays, Tim Tinius, weights, Todd Zuerlein, middle distance, Paul Melcher, sprints.

Returning Sophomore lettermen are: Bob Bosak, sprints, jumps, Bill Czapla, hurdles, Mike Jahn, sprints, jumper, Mark Kurtenbach, distance, Kent Rischar, distance, Dan Tooley, sprints, Carl Zoucha, distance.

The coaching staff is the same as in the past; Coach Vern Younger, sprinters, hurdlers, Coach Randy Berlin, jumpers, Coach Gary Puetz, weightmen, football track, and myself, distance-men. I know that I am excited about the season, hopefully the student body will give us a great amount of support and make the 1978 track a championship year!!!

desire, proper attitude, and
a great amount of hard

The Junior Class

Why Track??

Even though track at the beginning means pulled, sore muscles, a nice early spring cold and about as many other aches one can have--the people in track thing it is well worth it. The people in track the whole first week complain, but after their first competition their groans seem to fade.

Some people ask "why track?" It must be an inner strength to run that last curve or another 440 to make you better or faster to jump another hurdle after you've fallen a trillion times, to jump again and again, to spin off another discus, to throw just one more shotput before quitting time. A lot of people don't get glory out of it. They don't get a much treasured medal or ribbon but they get the thrill of all winners or losers. They receive the excitement of competing. The people who do get their achievements recognized aren't of special class. They did their best and for their best they received--probably after many tries. The losers, it is a hope, their glory will come eventually, and so that the will to go on won't dwindle, the glory will come shortly.

As a freshman or sophomore, most don't receive many honors unless they are outstanding, but you look at the upperclassmen who win the medals and think they didn't receive any honor at this time. They had to strive for that goal, getting better every time they made what they thought was their last mistake but wasn't. Think, if the upperclassmen can do it, so can you. Looking at the older people should and will give you more a will to go on trying, to go for another lap around the never ending track.

The upperclassmen have a different view. They get that extra inner strength from knowing they only have so many more track meets to compete in. Their number is limited. They have their experience behind them to tell them unconsciously what to do, and when to do it.

At the end of track, many are counting the days down. But others are looking forward to the ultimate goal--placing in districts. And if you are one of those lucky people to be able to go to state, placing in state is the ultimate goal!!

Track seems an infinite just-one-more-time; but the glory and the admiration from the fans for the winner or the loser is worth it all. That is the greatest moment--the best goal to go for. It seems to give everybody that final lift needed to go on!!

Juniors Give Advice

A SHORT STORY

Many of you may not know this but in Webster's New International Dictionary - 2nd- Edition a junior is one who is less advanced in age than another. One is a Junior if he is younger or earlier in life-----youthful

That's just putting it mildly when one looks back on the school year and sees all the events that happened to the present Juniors----you know, the ones that are graduating in " 79 " !!!!!!!!!!!

Not many classes of Juniors can claim these gems:

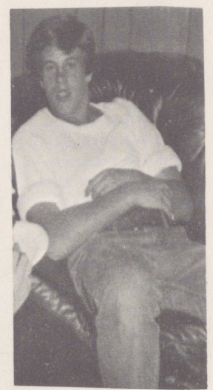

- screaming at a mouse hanging alive in Lisa Hall's locker.
- girls having the pleasure of paying for the coaches' flowers for a game.
- watching the flight of a pigeon after it lived in Gary Kurtenbachs' locker.
- trying to compete for grades and end up with half the class in 4.0.
- switching typewriters in class so you'll have one that works.
- groaning in Algebra II classes when Mr Berlin works a problem and talks-----in essence----to work a problem, and talk at the same time
- popping milk cartons at lunch
- the boys not eating until 12:05 in Mrs. Schneiders homeroom.
- walking in religion classes and glancing at the neat books that we get to use next year for religion.
- dreading the days in Algebra when we went over something we should have had in Geometry.
- finding the erasers in the lights for Mrs. Swanson.
- the little quizzes in History classes.
- not having enough construction paper to decorate Homecoming and send Julie and Kelli to get more.
- having the thrill of seeing our class representatives Anne, Linda, & John down on the floor "Dancing" with the Platte Cantari.
- having the thrill of riding the mains with Kitten while she went "PURRING" through the red lights.
- cleaning the bank fountain by putting bubble bath in it and watching it over-flow. Then watching a guy clean it out the next morning.
- having Anne fall in a hole in the courtyard
- playing cards in 9th Period Junior Row
- having everyone slip in the hall going to lunch (Sandy).
- reading Harlequin romances all the time.
- Mrs. Schneiders homeroom divider broken
- Rick Schumachers "airplane" in Geometry
- Mr. Kocer as Santa
- managing to take all the Chemistry & English notes without getting writers cramp.

- hour-long pep club meetings.
- Doreen giving blow - by - blow of last night's movie of the week, and Little House on the Praire.

- all the 100% in American History.
- learning home - row in Typing Class.
- computer warfare (Linda, Janice, Julie,... and Mike.....)
- basketball in Mr. Wragges Homeroom.
- being a star*******(Rick)**.

- =County Government Day.
- chowing on candy in study hall.
- being bombed with jelly beans, carrots, and celery, peanuts, ect.....
- the time when "the girls" got invaded by the Ku Klux Klan at J.V.'s cabin.
- going the wrong way on a one - way street at STATE.
- listening to Mary Jo cackling in the halls and Algebra????????????????????????????????
- breaking about 10 test tubes in one laboratory class--- Jenny---
- Bills surprise Birthday Party.
- getting egged on Halloween while driving a car.
- stopping at Pizza Inn after a hard night.
- Kelli K."s Wild Parties!!!!!!!!!!!!!!!!!!!!!!
- track practice and trying to look like an athlete.

ODE To The Graduates of 1978 by Gary Schieffer

The time has come to say farewell
To Scotus Central Catholic High.
On the outside we say how happy we are.
On the inside we'd like to cry.

The friends we've known for so many years,
We may never see again.
Some go to college, some find a job,
Some head for strange places where they've never been.

We've got to make some hard decisions:
No more beating around the bush.
I'm sure, it would be a lot easier
If we all had the brains of Floyd Kosch.

But we don't, so you might as well face the fact,
It's a tough road called the future up ahead.
Ten years from now, I'd like to see how you all come out
But with my luck I'll probably be dead.

Dinner Theatre rolls around

The Scotus Dinner Theater was held in the Cafeteria on April 22. The large crowd was entertained by 4 one act plays and were served delicious bowls of spaghetti and garlic bread.

Editorial

by Patty Spenner

"The Scotus Highschool Class of 1978", that's us. We finally made it! We've filled our dreams of signing our names with a '78 on the corner. We Are There!

Our first year in highschool, our Freshman year: Although we were on thin ice, we were just beginning to mature--to see the light. It was a different feeling, to be considered a highschool student. It made us as a class feel older, as we looked up to the upperclassmen for support.

Our Sophomore year was a year of exploring, getting to know each other better. We added and minused a few to our class. We broke a few rules this year, giving our class the nickname, "Rowdy Sophomores". Afterall, we didn't pick "If You Want To Get To Heaven" for our class song for nothing, did we?

During our Junior year, we experienced a few moments of sadness. a car accident including four members shocked us, and made time stand still for a while. During this "time-out" we grew together, we prayed together, we confided in each other. We were beginning to realize that things could run smoothly when you worked together as a group. It worked. After a long and depressing wait we were back as a class again.

Now, our final year, we are Seniors. We worked as a team--an unbeatable team scoring run after run. We were on top in sports, on top of everything we stood for, including being one. We planned things with each other, we worked on things with each other. We had a lot of good times--good laughs. We tried--that's all that counts. Yes, we still make mistakes, and we still do such foolishness as running around the commons with a whoopee cushion, and not to mention all the "rumbles which only 45% of the guy's come out alive.

We have grown, we have matured; But we must move on--it's part of living.

We are now leaving. Half of us will be in other towns--even other states. We'll be scattered like lost sheep. We'll be starting all over again. But this time it's different. This time we're already mature, but searching for something more. We have to find ourselves. At Scotus, the knowledge we have gained and the gift of growth will help us in the future. Now, with the help of our families, our teacher, but most of all, God, we're ready to face the world.

19 lettergirls named

This year's girl's track at Scotus boosted 19 lettergirls. Out of the Seniors, with 131 points were Connie Hajek in the 220, 440, and 880 mile relay. Colleen Tooley in the 880 and high jump.

The Juniors are Julie Jarecke in the 880, mile, and 2 mile relay. With 100 points was Anne Syslo in the 880, mile, and 2 mile relay. Janice Witt in the high jump, long jump, and 880 mile relays.

Sophomores include Chris Davidson, in the 100, 440, 880, and mile relay. Terri Proza in the long jump, Sue Merrill in 800, mile, and 2 mile relay. Jacki Pirocki in the shot put, and Linda Van Dyke, is the manager.

Out of the Freshmen is Jagna Konwinski in the 100, 220, and 440 relay, Sheryl Liebig, in the 880, and 2 mile relay. Sandy Schaefer in the 880, 440, and sprints, and the 2 mile relay Julie Schieffer in the 100, 440, and 440 relay. Lana Torczon in the mile, Elaine Zoucha in the 880, mile, and 2 mile relay. Jane Zoucha in the 100, 220, and the 440 mile relay.

The following girls won awards:

Connie Hajek in the 440 with 59.3, Anne Syslo in the mile with 5:33.7, Janice Witt in the High Jump with 5'0", and the two mile relay with Linda Warth, Sheryl Liebig, Elaine Zoucha, and Anne Syslo, had a time of 10:09.7.

The state qualifiers are Connie Hajek in the 440. Ann Syslo in the mile, and the two mile relay team consisting of Linda Warth, Sheryl Liebig Elaine Zoucha, and Anne Syslo.

The top scorers are Connie Hajek with 131 points, Anne Syslo with 100 points.

The girls really worked hard this year and proved their determination by winning the Centennial Conference. The team placed much higher in the large meets and qualified 5 girls for state this year. We won all of our duels and placed 1st and 2nd in the triangulars.

A word from Coach Puetz

The 1978 track season has been a very satisfying experience for me as a coach. So far the team is undefeated and the attitude and leadership has been outstanding.

At this point in the season Scotus looks like a real state contender. The boys that have the best chance to score in the state meet are: Mike Cielocha in the 100, 220, 440, Lavern Kobus in the 100, 220, Tim Proza in the long jump, Pat Novicki in the 440, 880. The 880 relay made up of Mike Cielocha, John Heimann Lavern Kobus, and Mike Savage. The two mile relay made up of Ron Korgie, Pat Novicki, Tom Malmstrom, and Gary Schieffer. Also Bill Van Lent in the discus.

With a little luck and continued good performance, Scotus can be the 1978 Class "B" State Champion.

Music Contest Winners

The District Music Contest held at Platte College turned out to be a rewarding experience for the Scotus Choirs.

Led by Mr. Ferguson, these students won awards Kim Grohs--Superior, Brad Scott--Good. Ken Zoucha--Excellent, Julie Van Akron--Superior. Placing a Superior in the Girl Duet was Teri Bernt and Joyce Kneifel.

The Mixed Chorus placed an Excellent in the ratings. Contratulations's
