We believe growth. Faith & Academics 5

We believe will win.

We believe each other.

Yearbook Staff:

Mrs. Angie Rusher, advisor Emma Brandt, copy editor Abbie Zoucha, layout editor Courtney Kosch Amber Buhman Haylee Cielocha **Blaney Dreifurst**

Kelsey Faust Kendra Korger **Rylie Olson** Hallie Parker **Emily Stutzman** How is the theme 'We Believe' portrayed at Scotus?

"Something that makes Scotus special is the students are extremely driven. Scotus students believe in and support one another in the classroom."

Kelsey Faust, 12

"Scotus is pretty much a big family. Together we learn new lessons, have lots of fun, support each other in times of need, and, most importantly, believe in each other."

Hallie Parker, 12

"Scotus is a school that believes students should aim for success and excellence. We are so lucky to have teachers and adults in our school who care so much about our success."

Emily Stutzman, 12

We Believe

"Scotus has a strong foundation that believes in us."- Amber Buhman

Agreeing on a yearbook theme can be a strenuous task. When the time came to discuss a theme, the yearbook staff had to think about what has made their experiences at Scotus one of a kind. After brainstorming ideas, the staff came to the agreement of "We Believe."

The Scotus students and staff have always strived to achieve excellence in their faith and academics. The only way to truly reach for excellence is to grow. The staff's top priority is to better the students and push them to be their best selves.

Junior **Haylee Cielocha** said, "We are so lucky to have teachers and adults in our school who care so much about our success. Teachers are constantly striving to help us grow academically in every way we can. We are given endless opportunities to help us grow in whatever it is we are involved in."

Fine arts and activities are ways that Scotus students are encouraged to find themselves and their

Senior **Hallie Parker** said, "At Scotus everyone is able to express themselves how they want to, whether that be in performing in One Act, competing at speech meets, or playing volleyball. We all have our own individual ways to show our Shamrock pride."

Success in sports is a quality that Scotus has coined. As a result, the student section started the chant "We believe that we will win!" While the chant can be perceived as arrogant, the chant is not just about winning a game. Scotus believes that when we win, we grow as a team. The scoreboard is not always the most important aspect.

Senior **Courtney Kosch** said, "All of our coaches and teammates believe in one another causing the team to become closer and depend on one another. When we believe in each other, we achieve more than anyone could imagine. The power of belief in our sports helps each team have a successful season."

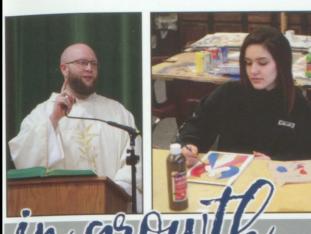

No student is the same at Scotus, but every student has a home at Scotus. The students and staff always go out of their way to support a Shamrock. No one is ever truly alone at Scotus.

Senior **Kendra Korger** said, "The amount of love and support that is available at Scotus is undeniable. Whether it be teachers, students, teammates, or other staff members, I feel as if I will always have someone to be there for me."

These four beliefs have allowed Scotus to become more than a school. Scotus is a family where people build lifelong relationships and grow into excellent people.

Senior **Abbie Zoucha** concluded, "Students may come to Scotus solely focusing on what they will learn but leave with a better understanding of who they are and other life skills."

Lehr tore her ACL during the basketball season.

We Believe growth.

"But grow in the grace and knowledge of our Lord and Savior Jesus Christ." -2 Peter 3:18

There are many instances in the Bible when it is said that people grew in both faith and stature. This is the same for the students of Scotus. Scotus encourages its students to grow physically, mentally, and spiritually.

Students who attend Scotus have many opportunities to grow spiritually both in and outside of school. The Campus Ministry team and Shepherd's Program offer many chances for students to increase their Catholic faith.

"Attending Scotus has helped me grow spiritually by how it has given me the opportunities to know about JC Camp, Steubenville, and other great retreats," senior Caleb Kosch stated.

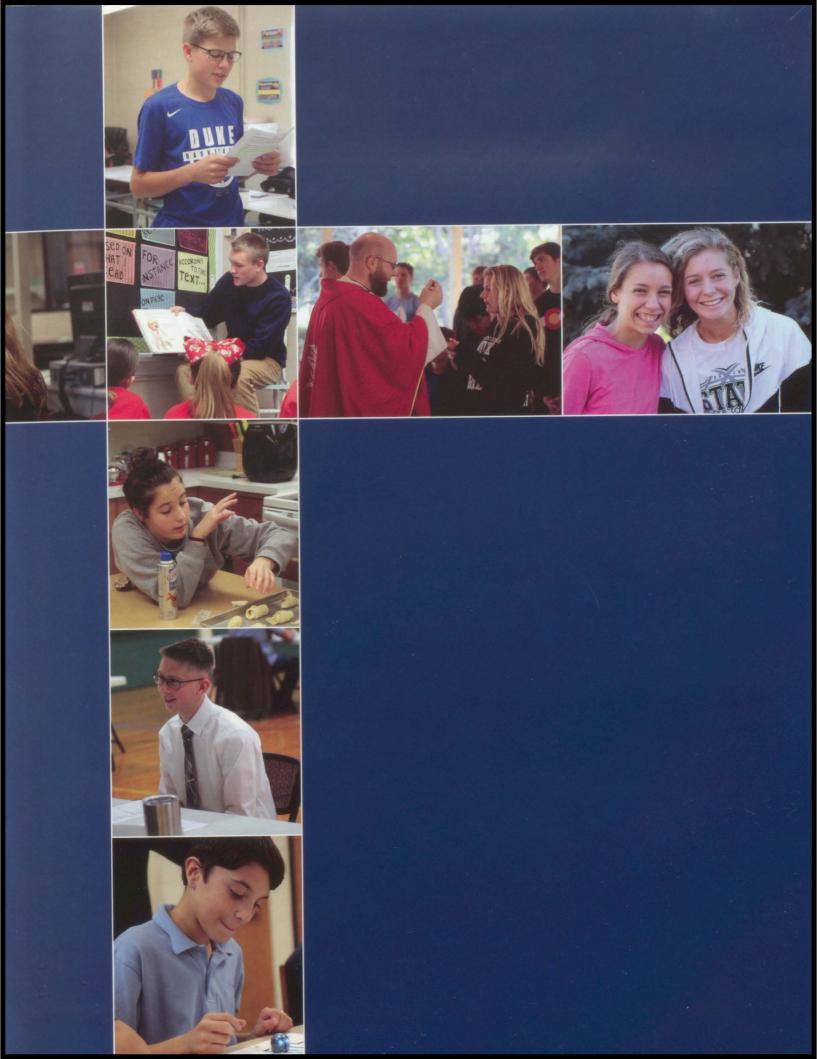

Students also have the chance to advance in their time management and study skills. Scotus prepares its students for college and life outside of the Scotus walls.

"Scotus has helped me by pushing me to the best of my abilities and keeping me on track for the future," sophomore Olivia Klug said.

Scotus offers many different classes to students that help them decide what they want to pursue once they leave Scotus. This year, STEAM classes were added as electives for students. The classes helped the students grow academically in science and in math, along with technology, engineering, and art.

"STEAM class has exposed me to a lot of new equipment that is used in the engineering, chemistry, and other math and science fields," junior **Liza Zaruba** said. "STEAM helps me to have a better idea of the real world applications of the different lessons I learn in my math and science classes."

Growth is important at all times in life, but especially in high school when so many important decisions need to be made. High school students need to make decisions about their futures, and at Scotus, they have many opportunities to prepare themselves for success.

What activity did you enjoy most at your retreat?

"I enjoyed kayaking with a group of my senior classmates. We shared a few laughs when our individual kayaks began to sink, and we had to carry each other back to shore."

Maddie Sueper, 12

"I personally enjoyed when we split into separate groups and talked about the seniors' talks."

Simon Pichler, 10

"My favorite part of the retreat was watching Abe launch Hanna in the air."

Kelsey Faust,

Day Devoted to Those in Need

"I think we got an idea of what service actually is." -Connor Wiehn

Each year students are introduced to after school activities, new schedules, and, of course, stress. One way Scotus helps to alleviate some of this stress is by offering class retreats, a day for classmates to bond and spend time with Christ.

However, Scotus chaplain **Fr. Matthew Capadano** and Campus Ministry assistant **Kelly Koranda** decided to switch up the tradition of traveling to Duncan for retreats by having the juniors venture to Omaha this year to serve those in need.

"The goal of the junior retreat was for the students to meet Jesus in the poor. We also wanted them to receive a desire to serve others," **Capadano** said.

In Omaha, the students split up into groups and helped at different organizations. From homeless

shelters to assisted living centers, the juniors served a wide variety of those in need during their retreat.

"A group of girls and I went to visit the Bethlehem House. We got to visit the house and see some of the women who lived there. Women go there to live while they are pregnant and don't have a stable home or family to rely on during that time in their lives," junior **Haylee Cielocha** explained.

Rather than playing the same games they have the previous two years, they spent their retreat sorting clothes, folding blankets, cleaning, and conversing with the people who lived at the organizations. Through these tasks, the juniors bonded as a class and learned a thing or two about serving those in need.

"I think we got an idea of what service actually is. We learned how grateful we should be for the lives we have," junior **Connor Wiehn** said.

Junior **Sarah Bichlmeier** helps a student with a worksheet at the Madonna School in Omaha. The Madonna school was one of the few places the juniors helped at in September.

Why do you march?

"It's a cause I really believe in and everyone on the bus and at the March are working toward a common goal. It's really empowering."

Katelyn Bayer, 10

"To stand up for an injustice that I believe has been done for over many years. Every step, cheer, prayer, and sacrifice on the March is for the babies!"

Emily Ferguson, 10

" I feel like the media doesn't give the March the glory it needs. There were way more people there than I was expecting, and just seeing that many people all there to protest the same thing was amazing."

Abee Hutchinson, 9

Standing Up for life

"There were so many people this year all fighting for life." -Hannah Allen

Catholics are called to stand up for all forms of life and speak out for those who cannot speak for themselves. In January, 44 adults and students from Scotus took the opportunity to attend the March for Life, an annual rally held in Washington D.C. near the anniversary of Roe vs. Wade, the 1973 court case that legalized abortion.

"I chose to go on the March because if the babies can't stand up for themselves, then we all need to stand up for them," sophomore **Clarissa Kosch** said.

The group started their journey with a 22 hour bus ride to Pennsylvania. Their first stop was St. Elizabeth Ann Seton Shrine and Basilica in Emmitsburg. The following day, the group toured Gettysburg and celebrated Mass at the Lady of Lourdes Chapel and Grotto.

"The grotto was so beautiful, peaceful, and there were so many places to pray. You could truly feel the presence of the Lord," sophomore **Emily Ferguson** said.

The group then traveled to Washington D.C. and attended the Life is Very Good Rally the night before the March. The rally consisted of praise and worship music, adoration, and pro-life speakers.

"I loved the Life is Very Good Rally because of the chance to meet up with people that I know, and a chance to participate in adoration," sophomore **Simon Pichler** said.

The following morning, they went to the Mass for Life at the Verizon Center with 20,000 other Catholics from around the country. They then attended the March for Life and peacefully protested for all humans to have the right to life.

"I was exhilarated. There were so many people this year all fighting for life," senior **Hannah Allen** said. After the March, the students explored the city and visited monuments. The trip was cut short due to inclement weather, so the students missed out on the Holocaust Museum and the National Basilica of the Immaculate Conception. Despite the abrupt end to the trip, the students had a great time, and many of them said they would recommend others to go on the March in the future.

"Do it. Put yourself out there and stand for what's right. Even if the trip has some down sides, the trip as a whole is amazing and worth it," senior **Lucas Schaecher** concluded.

(far left) Senior Abe Perault stands with his sign at the March for Life. It was Perault's third time attending the March. Sophomore Maddie Blaser shows off her pro-life sign at the March. Blaser attended the annual event for the second time. (below) The Scotus group takes a selfie at the National Mall before the March. The Omaha Archdiocese wore neon hats at the March for Life this year. Sophomores Jaelyn Podolak and Olivia Klug smile during the pro-life march in Washington D.C. In what ways do you see faith throughout school?

"I see faith every day in our classrooms. We pray in every class. We freely get the chance to talk about God and Jesus."

Lily Dohmen, 8

"I love how we all go to Church and Confession. My experience as a junior high student is amazing because I'm growing up in a Catholic community."

Mary Faltys, 7

"All over our school, in everything we do. We are always surrounded by faith."

Halle Langan, 8

School of Faith

"It was a surreal experience." -Elliott Thomazin

Faith can be seen in many ways at Scotus. One of the ways that faith is shown is through the tradition of the Stations of the Cross.

Each year at Scotus, the seniors are given the opportunity to partake in acting out Christ's Passion for the student body. This is a tradition the senior class has had for many years.

The seniors volunteer to play a role of one of the main characters involved in the fourteen stations. Senior **Elliott Thomazin** played the role of Jesus.

"It was a surreal experience," **Thomazin** said. "Putting myself into the mentality of Christ during his Passion helped me to come to a deeper understanding of the suffering that he experienced for us." For many students, acting was something new to them.

Senior **Jaden Hollmann**, who had never been in a play production, played the role of Mary. "It was nerve racking at first," **Hollmann** said. "But I felt honored being able to [play the role of Mary.]"

Senior Cameron Johnston, who played the role of the bad robber, described another challenge.

"The most difficult part was knowing a bunch of people were staring at me and trying not to smile. Also holding my arms up like I was being crucified was hard because they got tired,"

Johnston said.

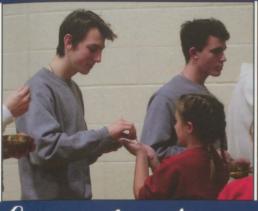

The recreation of Christ's Passion is something the seniors are honored to do, and it will continue to be a tradition at Scotus.

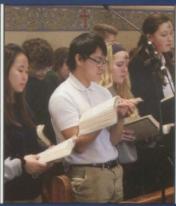

"My favorite part was being able to bring the story of Christ's Passion to Scotus in a unique way. The Stations of the Cross sometimes feel distant from reality or difficult to picture,"

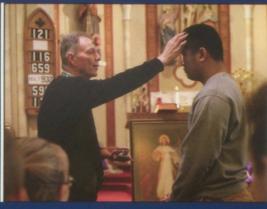

Thomazin said. "Hopefully, we were able to connect with the student body and bring

something new to the table."

All School Mass

Junior Cole Demuth types a code into the program on the computer so that he can get the circuit board to light up just the way he wants it to.

STEAM Lab Success

"The new technology allows a bunch of oppurtunities for students." -Abram Perault

Having to work with technology is becoming more common in the work place.

Scotus is doing all they can to help students prepare for the real world. This year was the first year the new STEAM lab was open. STEAM stands for science, technology, engineering, art, and mathematics.

Senior **Abram Perault** said, "STEAM teaches me to think more creatively than I ever have. I have found myself needing to figure out how to finish tasks in different ways than I usually would."

Pillen Family Farms and Nebraska Power District brought different machines for the students to be able to test and utilize for a few days.

"The STEAM lab is helping me prepare for my future by teaching me career skills for my future jobs," senior **Caleb Kosch** added.

Scotus has been fundraising for quite some time in order to put more technology into the STEAM lab. The new technology helps to serve as a learning skill.

Senior **Grant Shanle** said, "All the new technology in the STEAM lab introduces students to what machines they might use in their future jobs when they get into the work world."

For all the students who took STEAM and are interested in learning more, Scotus will offer a STEAM 2 class as well.

"I feel like as we get more technology in the STEAM lab the more fun and interesting the class gets," senior **Konner Kudron** stated.

Other classes offered through STEAM but are outside of the lab are Graphic Design, CAD, and Computer Science.

Freshman Calder Obal examines where he is going to place his magnet. The circuit board would use the energy from the battery to light up the board.

Math teacher Zach
McPhillips joins his math
class to explore the STEAM
equipment. He found the
thermal thermometer and
measured the temperature
of his coffee.

Junior **Kyle Hiemer** finishes his circuit board. He programmed his circuit board to flash lights.

Senior **Lucas Schaecher** starts his circuit board. The circuit board could be programmed to play music.

Describe your favorite memory in class.

"My favorite memory is Mr. Brockhaus yelling at Mira to calm down everyday when she would argue about something in CNN's Top 5 News in Government class.'

Hallie Parker. 12

"Spanish, Mrs. Moody has the funniest quotes. One is 'Why are you chewing on his papers?"

Simon Pichler, 10

"In Physics, when Mr. Salyard put Physics Overlord in the name blank on an answer key. We called him 'Physics Overlord' for the rest of the year.'

> Blake Sucha. 12

Teachers Bring Passions to Class "There is culture here." - Bree Ackermann

Bree Ackermann is one of Scotus' newest faculty members, teaching English for the first time this

"When I visited Scotus, I fell in love right away. There is culture here. It's amazing," Ackermann said. Ackermann attended Pius X Catholic High School in Lincoln, Nebraska. After she graduated, she studied at Wayne State in Nebraska.

"I was looking for a school that had my degree and one where I could play volleyball," Ackermann said. "It was the best option for me and was financially the best fit."

During her four years at Wayne State, she was involved in many groups including volleyball, Student Athlete Advisory Committee, WSC Catholic Newman center, Focus, and many honor societies. She decided to earn her masters and major in English.

"English has a lot of grey area; I like the discussion and creativity it brings to subjects," Ackermann said. "Reading students' work is one of my favorite parts about being a teacher. There is something special about getting to be the first person to read someone else's work when it means so much to them."

One of Ackermann's main goals as a teacher at Scotus is to see her students succeed. One of her favorite parts about English is taking classic literature and putting it into modern problems.

"I'm very excited," **Ackermann** expressed. "We are going to take the book *Adventures of Huckleberry* Finn and tie it into 'This is America', a popular rap song by Childish Gambino."

Ackermann teaches both 8th and 11th grade English. Alongside her teaching position at Scotus, she is also an assistant coach for the volleyball team.

"Getting to be an assistant coach with the job of being a teacher was just an added bonus," Ackermann stated. "This is my dream job."

College Credit Classes

For many students at Scotus, college is right around the corner. As the days count down, the stress levels rise throughout the hallways. Not only are students worried about what college to decide on but the ideas of all the credit hours they are expected to complete. Scotus, known for being a college prep school, helps students with this problem by offering classes for college credit. Many of these classes are offered to juniors and seniors, but mainly seniors. These classes include Accelerated English with Kathy Ewers from Central Community College and Calculus, Physics, Pre-Calculus, and Advanced Math, which are all taught by math teacher Tom Salyard.

Building Your Day

"A healthy lifestyle includes balancing both work and play."- Janet Tooley

Forty-four and counting. Scotus offers high school students forty-four electives to build their school day. The available electives provide students with the opportunity to take part in their interests and prepare for the future.

Some of the courses, such as speech and Computer Business Applications, are required, but students are given the option as to when the classes will appear in their schedules. Students can choose to take these two classes between their sophomore and senior years.

Sophomore **Abaigeal Aydt** decided to take speech and Computer Business Applications and predicts them to be applicable for her future.

"I think in the future no matter what career I choose, learning how to speak is essential as well as managing a computer," **Aydt** said.

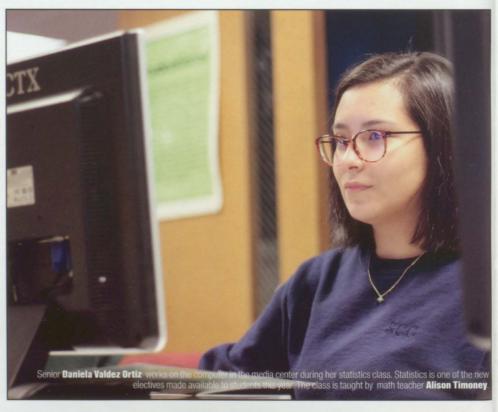

New electives in the curriculum allow students to explore different subjects and provide students with hands-on work along with challenging them. A new class added was Applied Statistics. Math teacher **Alison Timoney** is delighted to be teaching this class and believes the class is valuable to students.

"Statistics is a very broad field and is used in many different professions; therefore, I think that it is a very relevant and applicable math class to take," **Timoney** said.

The standard electives Scotus provides are also constructive and fun for students. Anatomy/Physiology is taught by science teacher **Joan Lahm** and is the only class taught about the structure and function of

the human body.
Physical Education
classes are also among
the offered courses.
Health and girls junior

We Believe inclivielnality

"Since we have gifts that differ according to the grace given to us, let us exercise them." -Romans 12:6

From the fine arts to student organizations to the various clubs at Scotus, there are countless ways for students to exhibit their individuality through their talents. This year there were over twenty different activities and clubs for students to participate in.

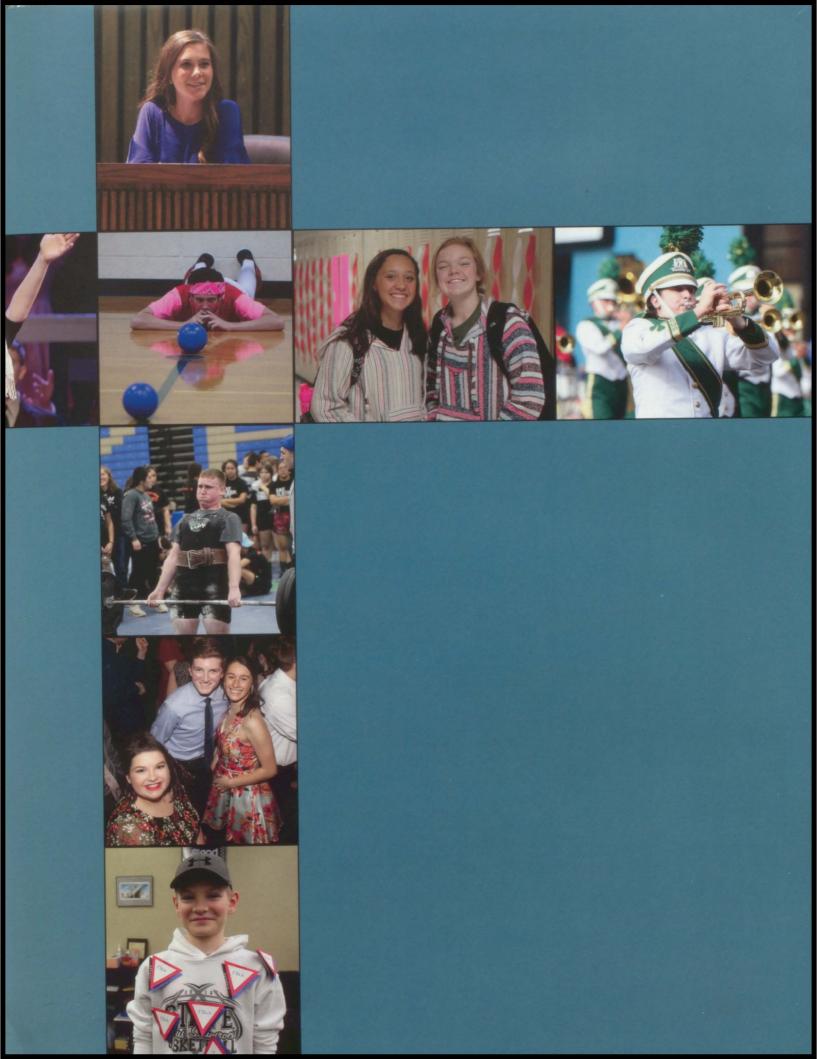

For some students, the fine arts department has given them the opportunity to present their talents while bonding with their peers. Freshman Luke Przymus, a member of HOSA, Student Council, and Shamrock Singers, participated in the musical for his first time this year.

Przymus said, "It's helped me discover more of who I am, and it's helped me make a lot of great friends along the way." For other students, joining organizations such as FBLA, HOSA, and Student Council have given them a chance to search for their idea of a successful future. Junior Sarah Bichlmeier, a member of flags and HOSA, had the opportunity to visit multiple medical facilities with HOSA this year, which gave her an insight on potential medical field jobs.

Bichlmeier said, "I've gotten better direction as to what I might want to do in the future, which can be a stressful process." Sophomore Lizzie Parker, a member of band, NHS, and campus ministry, had a similar experience in FBLA, which has helped her to expand her leadership skills this year.

Parker said, "This year I became the Vice President of FBLA, and it has given me more responsibility within FBLA. It has allowed me to become a better leader, and I have learned a lot through it."

Although each activity at Scotus is different from the next, each one gives the students a new way to share their individual talents throughout the year.

What is your favorite part about being in your group?

"My favorite activity that FBLA participates in is State Leadership Conference because we go to Omaha as a big group, and it is always really fun!"

Elizabeth Parker, 10

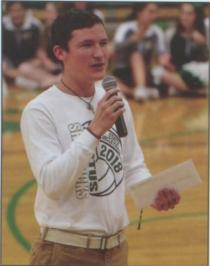

"My favorite activity that NHS does is the blood drive. It is a great way for our group to give back to the community."

Emmitt Broberg, 11

"My favorite activity that FBLA participates in is the food drive in the fall. Different teachers have competitions to help encourage people to bring in food."

Abaigeal Aydt, 11

learning leadership

"Scotus reaches out to our community." -Caleb Kosc

At Scotus, there are students who lead in many ways. National Honor Society, Student Council, and FBLA are all groups that encourage leadership from students. Each group leads in a different way. One example of leadership is through volunteering.

Student Council president **Caleb Kosch** said, "Scotus reaches out to our community."

All three of these organizations impact the school and community in different areas. Student Council works with the Simon House in Columbus. Student Council donates the money made from their annual No Shave, No Sock Rule, No Sandal Rule November to the Simon House. As the president of Student Council, **Kosch** also helped organize other activities throughout the school such as Mr. Shamrock, Game Night, and Homecoming.

National Honor Society is another group at Scotus that encourages leadership. At every NHS meeting, sponsor **Jane Dusel** reminds the members there are many ways to be a leader both at school and in the community. The group has candy sales every year around Christmas to raise money to buy gifts for the Holiday Co-op. They also host a blood drive every year.

NHS president **Elliott Thomazin** stated, "Our big event is the blood drive," **Thomazin** said. "The drive allows people in the Scotus community to donate blood to those who need it."

FBLA also brings positive leadership to Scotus. The group hosts various food drives throughout the year, and they give those food donations to the Simon House in Columbus.

"Being the President of FBLA has given me multiple chances to reach out to our community through playing Bingo at nursing homes to raking yards for the elderly," senior **Hallie Parker** said.

These three groups bring leadership to the school by leading as examples in volunteering for the community and Scotus. They are representatives for the other students and organize activities the entire school participates in.

Kosch stated, "Being president of Student Council has helped me become a better leader in the community and given me a unique role in the school."

(top) Student Council President Caleb Kosch speaks at a pep rally. Kosch was also an NHS officer this year.

NHS president **Elliott Thomazin** opens up NHS induction with a prayer. The four short candles represent the four pillars of NHS: character, leadership, scholarship, and service. The big candle in the middle represents the eternal light of knowledge.

FBLA president Hallie Parker attends state FBLA. State FBLA was held in Omaha for the last time this year, and it will be moving to Kearney next year

Blood Drives

National Honor Society hosts a blood drive at Scotus every year in February. This year, two groups of NHS members hosted blood drives of their own at the St. Bon's Social Hall. Seniors **Blaney Dreifurst** and **Mira Liebig** hosted a blood drive during the summer of 2018. Their blood drive had forty-nine donors.

"Mira and I got the word out about our blood drive and asked as many people as possible," **Dreifurst** stated.

In December, juniors **Jayden Heng** and **Liza Zaruba** hosted another blood drive.

"Liza and I are were looking for something more meaningful to do with our service hours, and when Mrs. Dusel presented the opportunity, we jumped on it," **Heng** said.

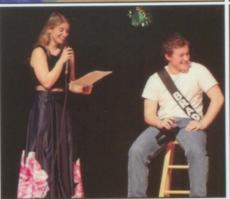

Heng and Zaruba's blood drive hosted fortyfive donors. Blood drives are especially necessary during the winter because so many get canceled due to weather.

"It was cool knowing that we were really making a difference in people's lives, especially during the time of year where blood donations are most needed," **Zaruba** stated.

The blood drive that NHS hosted in February was also a success. One hundred and three productive units were collected.

Robertson gets ready to ref a game of dodgeball. This was Student Council's third annual dodgeball tournament. NHS president Elliott

New and Improved

"It gives me a glance of different career choices and how to get there."-Camille Pelan

High school is a crucial time for students to decide what they want to do in their futures. Since this was a big concern for students, a new club was made to help students explore jobs. Careers Club was a new club that invited speakers to come in and talk to students about their occupations.

"It gives me a glance of different career choices and how to get there," sophomore Camille Pelan

said.

Job shadowing was later introduced to the club, and students had the opportunity to shadow medical professions. A nurse, the mayor, and an employee from Pillen Family Farms are a few of the speakers who came in and shared with the students about their everyday lives.

"I enjoy hearing the speaker's path after high school since it relates to decisions that we will have to make soon," junior **Lauren Ostdiek** said.

While new clubs were being introduced to the Scotus community, other clubs kept improving.

Book Club was nothing new for students to hear about, but a book club relating only to the Holocaust is something that interests many students. English teacher **Becki Zanardi** took over the book club this year and made it strictly about Holocaust books and only for seniors. As an educator of the United States Holocaust Memorial Museum, **Zanardi** had valuable lessons to express to the students in this club.

"Studying the Holocaust can teach us that it's important that everyone, especially those in leadership positions, respect ALL life and preserve free and just societies," **Zanardi** said.

The seniors were intrigued with what they learned about the Holocaust victims and what they experienced.

"[I liked] being introduced to parts of the Holocaust I never knew about," senior **Emma Brandt** said. With the monthly discussions about the book the group read and the Holocaust in general, students

were informed about the importance of learning about inhumane subjects.

"I think it's important to be taught about the Holocaust and all genocides because humanity needs to learn from their mistakes and getting educated about these events is a good way to honor those who lived through or were killed during this time," senior **Patrick Herchenbach** said.

stens to a speaker at the Sophomore Gillian Brandt pays attention to a speaker talk about their career at a Careers Club meeting. Careers Club is a new club that gives students the opportunity to learn about the various jobs there are. It is peneficial to the students who have no idea what they would like to do in their futures or want reassurance they are choosing the correct career and going down the right path. (left) Senior Patrick Herchenbach and English teacher Becki Zanardi discuss one of their books they njoyed reading in Book Club. The Book Club members would try and meet at least once a nonth to discuss the interesting books they read. At Book Club this year, students only read about the Holocaust and discussed the importance of earning about it.

Who motivates you to do your best?

"Madison Wittwer, she really took me under her wing and pushed me to do my best. She encouraged me to keep pushing, and I am so grateful for that."

> Kyanne Casperson, 9

"The crowd cheering you on and watching you try to get your lift."

Anna Ehlers, 10

"I can lift more weight. I can always lift more weight. Plus there's just something fun about being strong."

Abe Perault, 12

Strength and Success

"Everyone encourages others to be the best they can be."- Rylie Olson

For the four years powerlifting has been an activity at Scotus, it has become increasingly popular among many of the athletes.

Students enjoy the activity because it is a refreshing change from the typical fall, winter, or spring sports seasons.

"Unlike most sports, powerlifting is an individual thing. Your success is based purely on how much effort you put in," freshman **Kyanne Casperson** said. "In other sports, you might work extremely hard and still not get to play. In powerlifting everyone 'plays'. There is no sitting the bench."

This was Senior Rylie Olson's first year as a powerlifter.

"My favorite part of powerlifting is the team environment," **Olson** said. "Everyone is positive and encourages others to be the best they can be."

The athletes enjoy seeing how they improve over the course of the season by striving to reach the goals they have set for themselves with the help of their teammates and coaches.

"Powerlifting isn't always about winning; it allows you to work better on your own goals. It also has

many coaches, so it allows you to have one on one time with coaches to help you improve," junior **Tim Ehlers** said.

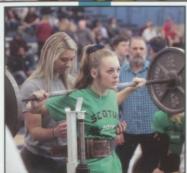

Many of the athletes who participate in powerlifting are also involved in many other sports and activities in and out of school. Powerlifting allows them to become stronger for those activities.

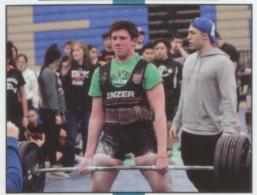

Sophomore **Ashtyn Preister** said, "Powerlifting improves my arm strength for throwing during track, and this may sound crazy, but it helped me a lot in my dance classes too."

Many lifters find that powerlifting has allowed them to improve themselves while still having fun with their teammates. The powerlifting coed team won first place at the state meet this year.

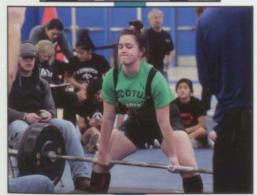

"Ultimately, my goal was to try something new and have fun with it. I ended up getting so much more than that. I found a place where I knew everyone cared about me. If I ever was having a bad day, as soon as I got to practice, my mood instantly 'lifted,' " **Casperson** said.

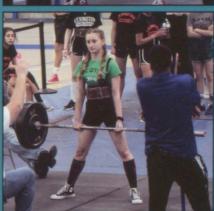

(top) Senior Abe Perault and sophomore Madison Wittwer squat at a raw meet in Beatrice. Junior Levi Robertson, and sophomores Kade Wiese and Este Lesiak deadlift at the state meet at Peru State College.

State Champions

A group of one act members act as a classroom of students during the Loup City Invite. Senior Patrick Herchenbach, playing Principal Trollybottom in the play, breaks up a fight between juniors Dalton Borchers and Tyler Palmer. Senior Elliott Thomazin, as Mr. Wipplestick, takes a tumble in his wheelchair. Sophomore Simon Pichler plays three people at once for his part in the production.

Debuting with Comedy

"I saw the potential to do something great."-Clyde Ericson

Being a teacher involves constantly taking on new responsibilities and using different talents to master these responsibilities. When second year art teacher **Clyde Ericson** was asked to take over the Scotus One Act program, he used his artistic abilities and theater background to tackle the task. However, throughout the season many surprises came about, one of which being the unexpected large cast.

"I didn't know what to do. I thought I was given more than I could handle. I saw the potential for disaster first, but I also saw the potential to do something great," **Ericson** commented.

After the initial shock of having forty-four students go out, **Ericson** started working on the production of *Romeo to Go*, a comedy written by Jonathan Rand. It is a production about a teacher who only has twenty minutes to throw together a ten-minute version of Romeo and Juliet.

"I was skeptical of doing a comedy at first because last years' play was very serious. However, I learned from my team quickly to just go with it, and that the more fun we had the better the play looked," senior **Mattie Johnson** said.

After a three-month season of long competitions and countless practices, the team ended with a successful show getting fourth at districts and receiving many individual acting awards throughout the season. Not only did **Ericson** successfully coach the students, he also received many rewarding moments.

"I want to empower others while looking to the bigger picture. It was rewarding to see this cast humbly take whatever role they were given and work together to make the most of it. Being able to sit with the audience, see the show in its completion and watch the audience truly enjoy our hard work was a great reward," **Ericson** said.

What is your favorite memory from this season?

"We made a hoodie with our coach Jose's quotes on the back.'

Simon Pichler, 10

"Ms Mimick and I made a bet that if I used my British accent in my speeches and won she would buy me coffee. I proceeded to give a seven minute speech in a British accent. The judges told me they could listen to my voice all day and both gave me a perfect score. One told Ms. Mimick they loved her 'foreign extemper'."

Patrick Herchenbach, 12

"When we found out we were going Prep, Rachael

against Creighton started crying and dropped to the floor when she found out she would have to go and then ended up having her best performance of the season."

Speaking at Its Finest

Racing hearts and sweating palms are symptoms speech team members have to overcome throughout their season. Speech team is an activity that is fun, yet beneficial for members.

Senior serious prose speaker Mattie Johnson said, "I joined the speech team because I love being involved in the fine arts, and it has helped me be more confident in front of crowds."

The speech team experienced a large amount of success throughout the season. Ten members were able to qualify for state with the help of third year coach Melanie Mimick and second year junior varsit coach Becki Zanardi.

The team had two teams qualify in the Oral Interpretation of Drama (OID) category. Lauren Ostdiek also made it to state in her entertainment speech.

Ostdiek said, "When I qualified for state in entertainment, I felt so excited and relieved. The anxiety of standing, waiting for your name to be called is unmatched. When we qualified with the OID, it was equally exciting because I knew that I would not only get to go to state, but I get to go with some great friends."

After qualifying for state, the teams went back to work fine-tuning their speeches.

Senior Isaac Ostdiek said, "We prepared the way we always do. Practice. We just had fun with our performance trying to see if there were any new things we could add that would make our performance more entertaining. There were even a few things that we added the night before while we were practicing in the hotel room."

Lauren Ostdiek was the only member to place at the state level. She received a sixth-place medal in her entertainment speech. Despite only having one event place at state, the team enjoyed their time together and grew closer as a speech family.

Senior informative speaker Hannah Allen said, "Speech has been my favorite activity because of how accomplished I feel and the family aspect that our team has developed."

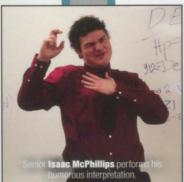

ior Julia Pichler and sophomore Maddie Blaser embrace after receiving first place for their OID at the Schuyler meet. (above) Blaser, Pichler, seniors Isaac Ostdiek, Patrick Herchenbach and junior Lauren Ostdiek perform their OID, "Clue", at districts. Juniors Debanhi Adame-Hernandez, Katie Stachura, sophomore Noah Korth, freshmen Zoe Euteneuer, and Gwen Stachura perform their OID at district speech. Their OID would place third at districts, qualifying for state speech.

Hard work pays off. The junior mock trial had this mentality and saw great success during the season. During the mock trial season, the team made mock trial their priority. This required the team to have numerous hours of practice.

Junior witness Emily Miksch said, "Every week we had around two practices for multiple hours, ranging from one hour to nine hours."

The team spent the tedious hours getting familiar with their case with the help of their two coaches.

Junior witness Amber Buhman said, "We have really good coaches who understand what it takes to be successful in mock trial. They understand the material and the best way for us to answer the questions during the trial."

In order to advance to the state competition, the juniors knew they would have to overcome the three other Scotus teams. The three teams included the freshmen and two sophomore teams. The juniors were able to advance to the district finals where they competed against one of the sophomore teams. The two teams battled it out, but in the end the juniors were victorious. The win allowed the team to advance to the state competition in Omaha.

Junior witness **Kate Smith** said, "I would describe the feeling as pure excitement. We came up short the year before losing to the seniors, and we were so ecstatic that it was finally our time to go to Omaha."

Even though the girls were overjoyed to be competing, they knew they had to concentrate and improve before state.

Junior attorney **Lauren Ostdiek** said, "We prepared for state by perfecting and altering what we had done at districts. We knew that at state, the competition would be really intense, so we had to get our material ready."

The fine-tuning paid off because they were able to place fourth in Omaha.

Smith said, "We were all holding hands and anticipating the moment when they would say our names, and when our name wasn't called for honorable mention we were so excited that we placed at state our first year."

While the team claimed what they are working on next year is confidential, junior attorney **Brea Lassek** disclosed, "It will be our senior year and our goal is to give Creighton Prep a run for their money for a trip to nationals."

Juniors Emily Miksch, Kate Smith

Rachael Lam, and Brea Lassek di pre-trial matters before competing

What is your favorite memory from the musical?

"We were practicing the finale song, and we all forgot that there was a rest before the last note of the song. As soon as we messed up Ms. Salyard yelled, 'There's a rest!!!'

The rest of the season that was a running joke anytime someone messed up in a song."

Lizzie Parker, 10

"My favorite memory from musical this year was on one of the performance days when Elliott, Abe, and I played Super Smash Bros on our Nintendo switches."

Timothy Ehlers,

"I have so many amazing memories from musical this year. I have come so close to so many amazing people through the neverending practices."

Patrick Herchenbach, 12

A Musical at Sea

"Musical is such a great experience." - Elliott Thomazin

On the night of February 15th, the musical cast members were full of nerves and excitement as they performed their show, *Anything Goes*, for the first time. The musical is a twisted love story that takes place on a cruise ship in the 1930's. The cast members began working on their musical in November, and they practiced every day after school until the show in February. Senior **Patrick Herchenbach** played the male lead, Billy Crocker. It was his second year in the musical.

"We all put in a ton of hard work, and it really paid off in the end," Herchenbach said.

Along with all the practicing came some challenges. Many of the characters in the musical had accents and personalities that were difficult for the cast to master. Senior **Isaac Ostdiek** played one of the lead roles, Sir Evelyn Oakleigh, who had an English accent.

"I really had to work on my lines. It was rough for me to memorize all of the lines because this was one of the biggest parts I have been given," **Ostdiek** said.

Another challenge that the cast faced was finishing everything up and perfecting the show in time for opening night. Junior **Liza Zaruba** played the role of Bonnie.

"The cast definitely faced a time crunch. We were busting a move trying to finish up all of the dances and blocking. The week before the show it seemed like the entire cast was so stressed," **Zaruba** said.

Despite the struggles and the stress along the way, the cast managed to perform three shows February 15-17th. Sophomore **Janae Rusher** played the role of Hope Harcourt.

"The Friday performance was my favorite because it was the first time with a big audience. It was fun to finally have people laugh at the jokes we made, and it helped us to have more energy on stage," **Rusher** said.

There were many new faces in the musical this year, including senior **Elliott Thomazin**. **Thomazin** decided to try something new for his senior year, and he encourages others to do the same.

"Musical is such a great experience. It is something that everyone should experience during high school. I learned so many things this year. I regret not doing it earlier," **Thomazin** concluded.

(above) Sophomore Janae Rusher, freshman Dominic McPhillips, and senior Isaac Ostdiek act out the wedding between Hope Harcourt and Sir Evelyn Oakleigh. (right) Seniors Isaac McPhillips, Madeline Sueper, and Patrick Herchenbach sing during the musical. The three seniors were leads in the production.

Freshman **Ben Policky** put on a serious face to show his character's emotions. **Policky** played a sailor in the musical.

Junior Jayden Heng acts as her character, Charity.

Seniors Abram Perault and Isaac McPhillips perform a scene during Act 1

Sophomores Olivia Klug, Emily Ferguson, and Christina Oakley, junior Debanhi Adame-Hernandez, sophomore Cassie Kouma, and freshman Kyanne Casperson sing a song

Senior Elliott Thomazin gasps as he portrays his character, Elisha Whitney. Thomazin did musical for the first time this year.

What was your favorite memory from spring play?

"Isaac and Elliott never knew their lines, so when it was their turn to go on, they improvised the whole thing and it was super funny".

Abee Hutchinson, 9

"Every time Levi would taste the poison he did something weird with his tongue. I almost lost it every single time."

Hannah Allen, 12

"My favorite memory was at auditions when Mr. Ericson and Patrick made all the girls line up and do our best pirate 'Arrgh'."

Maddie Blaser, 10

Western Fun Found on Stage

"A melodrama definitely makes for an interesting production." - Elliott Thomazin

With new advisor **Clyde Ericson** and two new student directors, seniors **Patrick Herchenbach** and **Julia Pichler**, the spring play was bound to be a little different this year. The production of *The Treasure of Shiver River* was a melodrama about a small western town love story which included plenty of conflict. A melodrama is a play that is very predictable with characters such as heroes and villains, and it often follows a love story. It also uses periods of actor to crowd interaction.

"I was thrilled with the crowd interaction. They laughed a lot, booed, and we even had volunteers. I was expecting the crowd to be a lot less involved, but they really enjoyed the production," **Herchenbach** said.

Although it was a different type of play than the spring play cast has worked with before, the directors and cast were satisfied with the performances presented. Senior **Elliott Thomazin** played Marshal Law, the town's handsome marshal who worked his way to buy back a family heirloom so he could propose to the colonel's daughter.

"A melodrama definitely makes for an interesting production. Our interaction with the crowd worked well. When Isaac needed an evil laugh, the audience was more than prepared to supply," **Thomazin** said.

The spring play cast spent over a month preparing for the production, but it wasn't an easy process. Early mornings, late nights, and last-minute memorizing of scripts didn't keep the group from having some fun. As a first timer in the spring play, freshman **Gavin Brabec** played the role of Colonel Sanders.

"The cast was running through scene 2, and we could not remember our lines, so we made lines up as we went and got to the end. This was a few days before our performance," **Brabec** said.

Senior **Isaac Ostdiek** had the chance to take on a new role during his last spring play production. Ostdiek played the role of Rod Enreel, whose only agenda was to strike it rich by marrying the colonel's daughter.

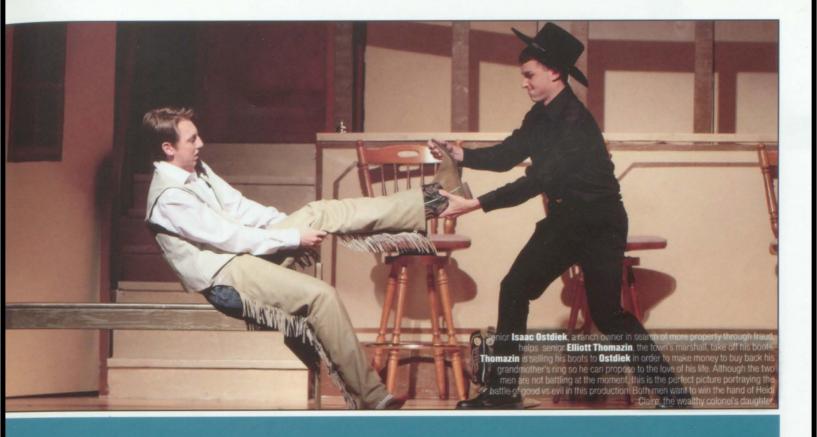

"Being the villain was different. I got booed whenever I entered. I almost broke character a few times from laughing. It was a fun part that I think I played well. It seemed like everyone in the audience enjoyed the play, and that is all that I could ask for," **Ostdiek** said.

(left to right) Senior directors Patrick Herchenbach and Julia Pichler take a bow after the public performance. This was the first time both had directed a production rather than performed Senior Hannah Allen ells the audience of her olan to keep the auction from proceeding. Allen played the role of Dr. Ophelia Payne who was a con artist pretending to be a doctor Sophomore Maddie Blaser complains to ne audience about how her man is trying to get another girl. Blaser played the role of Paige Turner who was madly in love with Rod Enree

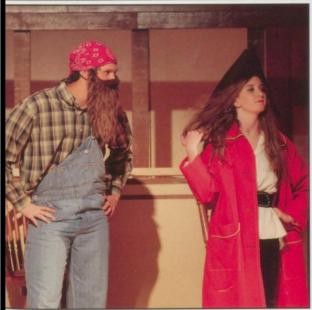

(top left to right) Senior **Mattie Johnson**, the western town's innkeeper, tells freshman **Kyanne Casperson**, the town's local reporter, about her gambling addictions. **Johnson** reports that her character is reformed and no longer bets, but finds herself betting on certain outcomes throughout the production.

Casperson interviews freshman Regan Sucha and Simon Pichler, the auctioneer and his wife. Sucha warns Casperson about the strange activity that could occur if Pichler got too excited. Senior Isaac Ostdiek addresses an audience member to ask them to make an evil laugh as sound effect to his devious plan. The melodrama was written so that the performer could interact with the audience while the rest of the performers on the stage were frozen and unaware of the interaction. (far left) Junior Levi Robertson and freshman Roxanne Beshaler fight over the best way to find the treasure of Shiver River. Robertson and **Beshaler** played the role of a dynamic duo who had been searching for the treasure for many years. (left) Senior Elliott Thomazin dips sophomore Clarissa Kosch following their marriage proposal. Throughout the performance there was a struggle for the two to communicate their true love to each other, but in the end they found that special moment.

What was your favorite song the group sang?

"I really liked 'Let the River Run, because I liked the rhythm and melody of the song. The melody made the song really fun to sing!"

Lin Jurarut, 11

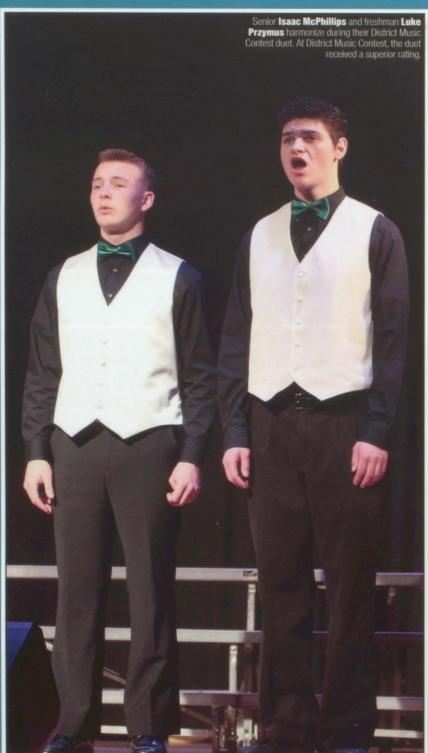

"My favorite song was 'Fresh and Fearless.' It was a difficult but beautiful song, and the tenor part I learned was fun."

Josh Styskal, 10

"My favorite song was the song the sophomores performed called 'Come to Me, Oh My Love' because there were a lot of different parts in it."

Ava Kuhl, 10

(top right) Sophomore **Janae Rusher** sings the solo she performed at District Music Contest. **Rusher** sang many solos at Mass over the course of this year. Senior **Mattie Johnson** tells a story about Shamrock Singers director **Laura Salyard** at the end of the seniors last concert. The seniors were the first students **Salyard** has taught for all four years of high school. Junior **Jayden Heng** and senior **Madeline Sueper** sing in their trio with **Mattie Johnson**. The trio received Outstanding Performed at District Music Contest.

Senior Tommy Yu performs a solo. Scotus received seven superior ratings and four excellent ratings at District

Strength in Numbers

"We could sing in eight parts and still hear every part." -Patrick Herchenbach

Imagine thirty-four different singing voices blending together in harmony. Now imagine that same number of voices talking about different things at the same time. When all thirty-four of the voices are working in union it can sound amazing, but when they are all talking it can be hard to get anything done. This is what it was like every day in Shamrock Singers.

"There were so many people talking for Ms. Salyard to quiet down," freshman **Grace Mustard** recalled. "Sometimes it would be hard to get things done and to focus."

The challenges did not end once everyone got on task either. Having such a big group also made learning the songs more difficult.

"If one small thing is off, it took forever to figure out who or what it was," sophomore **Michaela Kresha** stated.

Once all of these challenges were overcome, the benefits of having a big group outweighed the difficulties.

"With so many people, we could sing in eight parts and still hear every part," senior **Patrick Herchenbach** said. "This was a huge benefit to having a big group and was really cool to hear!"

Having a large number was a benefit in the long run. It gave the group more of a variety of voices.

"If someone made a mistake, you couldn't really tell," freshman **Ruby Martinez** recalled. "The other singers in the group cover for you if you mess up."

Having a large group gave many of the members a chance to sing new parts in the music. Sometimes having so many people was challenging, but eventually, having a large group became a great positive.

Mausbach carols through the nallways. Shamrock Singers sang carols in the hallways around reshman Ruby Martinez and enior Mattie Johnson sing in the second floor hallway at Scotus. The group also sang carols at the Cotus Craft Boutique far left) Senior Patrick Herchenbach plays a piano solo. Outstanding Performance for this and his singing solo at District Music Contest. This means that he had the best piano and singing solo of everyone at DMC Sophomore Josh Styskal performs a violin solo. Styskal earned an excellent rating at Freshman Camille Cox plays a piano solo. Cox earned honorable mention in this piano solo. This means that she had the second best piano performance out of everyone at the District Music

op) Sophomore McKenna

If you could choose a different instrument to play, what would it be?

"Xylophone, because it sounds nice."

Ben Policky, 9

"If I could play a
different instrument
it would probably be
the guitar because
I've recently learned
how to play it, and it
takes my mind off
things."

Sydney Quinn, 9

"If I could play a different instrument, I would play drums because the drumline is so cool!"

Adriana Cieloha, 9

love for the Notes

"It can provide a calmness for our souls and hearts." - Kristen Cox

The Scotus band has grown in numbers over the last 25 years. When **Kristen Cox** started at Scotus, she had 13 students in high school band. After directing the band for 25 years this year, it has grown to 67 high school members. Although having so many members is a good thing, it comes with its challenges.

"There are lots of challenges. The biggest is the space. We are busting at the seams. If anyone were to come in here during band, the kids are literally wall to wall and back to back," **Cox** said.

Due to having so many kids in band and not much space, **Cox** had to make new accommodations for the band to work. A few band dads built new shelves where the kids store their instruments. This was one of many changes.

"Another thing that has changed is practice. We are able to record it and send it through One Drive. It's helpful for me because the amount of time I have kids' practice is shorter because I can't listen to an hour of every student anymore," **Cox** stated.

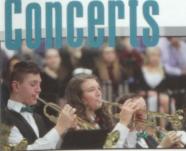

The band performs three concerts throughout the school year, including the band dinner concert, which has been a great fundraiser for the band.

"The Scotus teachers, administrators, and community wanted Scotus band to survive. There was a period at Scotus that band was not offered. Before I came there was a possibility band wouldn't be offered anymore. There were core parents who stuck with it and helped me," **Cox** said.

Although there are many challenges with having such a large band and different hurdles that had to be jumped, **Cox** believes one thing has remained over the years.

"What has not changed is the fact that everyone has a love for music. It may be different styles, and everyone has a different connection with music, but everyone has a common love for some type of music," **Cox** stated. "I think we can all recognize music can help with all situations. It can provide a calmness for our souls and hearts. When they leave here, they miss it and have an appreciation for it."

(far left) Freshman Carson Czarnick and junior Lauren Ostdiek play their trumpets during the band concert.

What is your favorite activity to perform at?

"I like performing at basketball games because we don't freeze and our hands don't go numb."

Lainee Leitschuck, 9

"My favorite activity to perform at is football games because the crowd is farther away so it's not as scary."

McKenna Hoefer,

"My favorite activity to perform at is definitely football because it is outside and a lot of people come to the games."

Berlin Kluever, 9

Perfecting the Performances

"My team has improved the overall cleanliness of our routines." - Hannah Allen

From pep rallies to halftime shows, the Scotus flag corps team always knows how to keep the audience amused by twirling their flags and showing off their dance moves. Flag corps was busy this year keeping Scotus fans and students entertained at a variety of events. They started their year by performing at the fall pep rally, and they spent the rest of the fall season presenting their routines at the home football games.

"I love to perform at football games; it has such a fun atmosphere to be in," junior dancer **Jaycee Ternus** said.

When football season finished, the team's hard work and practices did not. They continued to practice their routines and work on being performance-ready for basketball season. The team spent many

mornings in the gym, focusing on some new areas.

"This year, we worked a lot more on cleaning the routines, and we take more time to stretch before practices," junior McKenna Hoefer said.

Senior **Hannah Allen** believes that these minor tweaks made in practices enhanced their performances throughout their season.

"I think my team has improved the overall cleanliness of our routines. That has been something we have put a lot of effort into this year." **Allen** said.

Allen was the only senior on flag corps this year. Although it was hard at times, she believes it was a learning experience.

"It was weird being the only senior on flag corps, but I kind of liked it. It gave me more responsibility, and I think I learned to handle that really well. Also, the juniors helped out a lot, too, which was really nice," she said.

Flag corps finished their year with a performance at the spring pep rally and auditions in April for the upcoming school year.

Glowing on the Dance Floor

'I enjoyed everything about homecoming." -Caden Pelan

During the last week of September, the usual bare walls of the Scotus hallways were full of bright decorations for the "Glow Fest" homecoming theme. Students dressed in spirit costumes filled the hallways during the week leading up to the dance. Junior high students were able to participate in spirit week for the first time this year.

"I liked character day the best because I dressed as Minnie Mouse and **Cameron Houfek** dressed as Mickey Mouse," eighth grader **Jack Faust** said.

After the fun-filled week, students filled the stands at Memorial Stadium to cheer on the football team. The Shamrocks upset the undefeated Wahoo Neumann Cavaliers 21-19. After the victory, the homecoming coronation took place on the field. Twelve seniors were chosen as candidates by their classmates and voted on by the student body. **Courtney Kosch** and **Caden Pelan** were crowned homecoming king and queen.

"I enjoyed everything about homecoming. The football game, the dance, the coronation, and the interaction with so many genuine people made my last homecoming my favorite," **Pelan** said.

On Saturday night, the homecoming dance took place in the cafeteria. It was decorated to go with the "Glow Fest" theme, and students were given glow sticks to wear on the dance floor. There was a large turnout, and many people stayed the entire dance.

"Having a large group of people stay at the dance the whole time made it better," **Kosch** concluded.

Time Travel

Junior **Connor Wiehn** dresses as a knight on time travel day. Students could dress as someone from the past or the future.

What was your favorite song of the night?

"...'Ready For It' because I felt like the music makes me dance."

Prim Suchanya, 11

"I like the line dances because everyone actually dances to them."

Janae Rusher, 10

"I like dancing to songs that everyone likes, like 'Jesus Jump'. I love 'Jesus Jump'."

Patrick Herchenbach, 12

Dancing in December

"It was a long day, but it was still just as fun!" -Hallie Parker

Dancing a night away in December is an experience students had for the first time this year. The new date of the Winter Formal caused students to have mixed feelings.

Sophomore class officer **Ava Kuhl** said, "I thought it was nice because it was easier to plan, and it was less busy in December so more people could come."

While the date did not conflict with any school activities, it did fall on the same day as the ACT.

Senior Hallie Parker said, "I rushed home from the ACT to get my hair and makeup done."

Even though some students had a long day after completing the test, they still had fun showing off their moves on the dance floor.

This year's Winter Formal Court consisted of twelve seniors.

Senior candidate **Patrick Herchenbach** said, "I was very excited to be chosen as a candidate for Winter Formal. It was special for me because I've only been at Scotus for two years, but I really feel like I'm a part of the Scotus community."

In the end, **Mattie Johnson** and **Zack Beiermann** took home the crowns. Both seniors were shocked when their names were announced.

Beiermann said, "I was extremely surprised that I was chosen as the king because there were some great candidates."

Despite the new date, Winter Formal was attended by many students who made the most of the dance. Junior **Amber Buhman** concluded, "I enjoyed Winter Formal this year. I appreciated how most of the senior class stayed until the dance was over."

(top) Freshmen **Seth VunCannon, Zane Beiermann, Shayden Lundstrom, Trevor Schumacher**, and **Luke Przymus** jump along to the beat of the music. (above) Juniors **Connor Wiehn** and **Evan Hand** dramatically sing along to a song. Sophomores **Jaelyn Podolak** and **Olivia Klug** jump to the beat of the song. A Night to Remember

"It made it worth staying up till 3:30."- Abbie Zoucha

Every year, post prom at Scotus is made possible by the junior parents. They decide on a theme and a location for the evening.

In past years, post prom has been held in the two gyms at Scotus. This year, the junior parents decided they wanted to do something different. Post prom was held at Westbrook Bowling Alley in Columbus.

"Post-prom was better than last year. I felt like I wasn't just standing around like I did last year," senior **Abbie Zoucha** stated. "There were so many different games and prizes, so it made it worth staying up till 3:30."

The theme for this year's post prom was "Casino Night." The students were given fake money to begin the night and were able to participate in a number of different casino themed games, and they were able to 'gamble' with their money.

Senior **Isaac Ostdiek** said, "The money with everyone's face on it was a great touch. It helped make the auction that much better."

Along with the games and activities that were offered, at the end on the night, the junior parents hired a live auctioneer. With the money that the students won throughout the night, they had a chance to put their winnings toward a prize.

"The auction was the most original idea I've seen lately. Everyone was in on it, and the prizes were a surprise, so you never knew what the winner was going to get," senior **Abe Perault** said.

When it comes to gambling and betting on prizes, luck plays a big part. For senior **Hannah Allen**, her night was not as lucky.

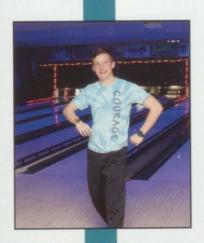

"I learned that I should never go to Vegas or an auction," Allen said.

With or without luck, prom was one of the most memorable nights for many juniors and seniors.

"Post prom was so much fun; I loved all of it," junior **Haylee Cielocha** said.

"The junior parents really did a great job coming up with games for us to play and making the night super fun and memorable!"

(top) Juniors Kaleb Wiese and Cole Demuth and senior Bailey Christensen participate in a game of black jack. Junior Samantha Tonniges and senior Abbie Zoucha pose for a picture during post prom. Junior MaKenzie Enderlin celebrates her win in a game of black jack. Senior Caleb Kosch smiles after hitting a strike while bowling. Post prom this year was held at Westbrook Lanes.

Why do you believe you should have won?

"I should have won because I took a shot to the face from a metal chair."

Colby Gilson, 12

"I think that I should have won. I'm not being petty, that is a fact. I have scratches on my arm from breaking those boards to prove my point."

Isaac Ostdiek, 12

"I should have won because my stand up comedy was better than Abe's."

Caleb Kosch, 12

Battle of the Senior Boys

"Mr. Shamrock was really impressive."-Pat Brockhaus

The annual Mr. Shamrock competition always seems to bring the Scotus community smiles and laughter, and this year was the biggest debut in Scotus history with a total of twelve senior boys performing. There was a variety of rappers, WWE fighters, and a large dinosaur that filled up the stage. Throughout the night the senior boys had the opportunity to show off their talents, abilities to answer questions, and "catch that dream girl" outfits.

"My favorite part about Mr. Shamrock was everyone really thought about their talents and outfits. That passionate atmosphere was fun to be in," senior contestant **Abe Perault** said.

Watching the contestants run around stage and entertain the audience drew laughter from the crowd. As a returning judge of the contest, **Pat Brockhaus** stated, "Mr. Shamrock was really impressive because of the various talents and the interview questions and answers."

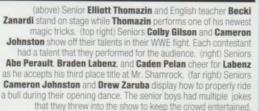

Not only was it an entertaining show, all the food and cash donations went directly toward the Simon House. Student Council organizes the show every year to make sure it runs smoothly.

"All the contestants did an amazing job and truly made it a night that I will never forget," senior contestant **Caden Pelan** said.

What really stood out to the judges was **Elliott Thomazin's** talent. He lit up the room with one of his magic tricks which helped him win the Mr. Shamrock competition.

"Winning Mr. Shamrock was such an honor. I had a blast with all the guys who performed. Everyone was creative and brought some unique talents to the competition. When they announced the winner, I was ecstatic. I was just happy to be part of a great night filled with plenty of smiles, laughs, and memories," **Thomazin** said.

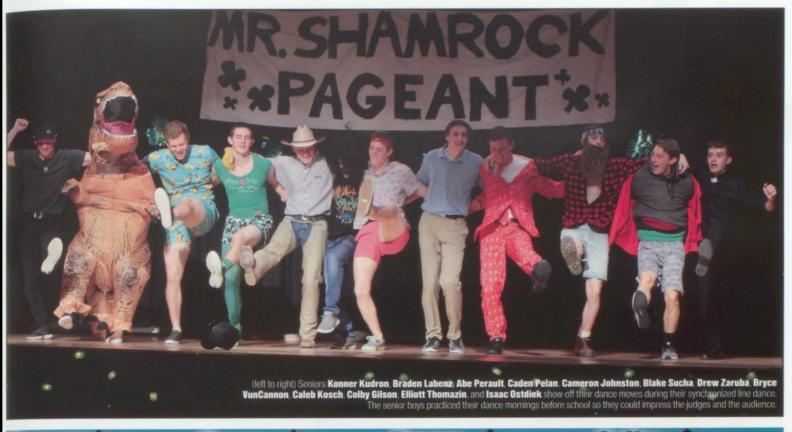

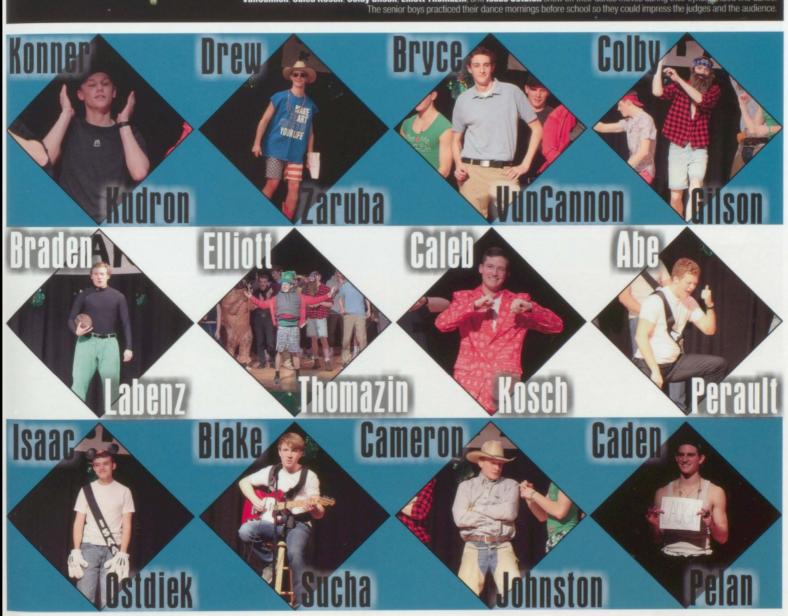

What is the best part about being a member of the journalism staff?

"The best part of journalism is that I feel more involved in the school and every activity that goes on because we have to report on everything that happens at the school."

Cameron Johnston, 12

"I personally love taking pictures, and Mrs. Rusher was great at teaching how to work the camera and how to get good angles."

Blaney Dreifurst, 12

"I think it is really rewarding to hear positive feedback about the product that we put out every month. You really do not know how much work we put into it until you are on the staff.

Getting those positive comments and seeing the stats of who is all looking at the paper on the website is so rewarding."

> Chloe Odbert, 11

New Competitors Amongst New Competition

"I was worried that others would be better because I didn't feel like I wrote anything that would make me stand out ." - Amber Buhman

After returning with a second state championship last spring and learning of class changes this fall, Scotus Journalism was unsure of what the state competion would bring this year. The journalism staff qualified with a total of twenty-one entries and brought sixteen members to state journalism in Norfolk to compete. Only two of the sixteen members were returning competitors, which led to uneasy spirits.

Junior **Kate Smith** said, "I was extremely nervous. I started looking up strong verbs to use in my headlines because I was so worried about writing boring titles."

The tension was tangible as competitors waited for awards to begin and multiple students feared they placed last in their events. Although many of them had doubtful reports upon completing their events, the outcomes at awards were greater than they could have imagined.

A new addition to the team who feared the worst was senior **Julia Pichler** who placed 3rd in advertising at state journalism. "I was so confused. I'm not even in journalism. I was thinking to myself, I didn't sign up for this, literally," **Pichler** said.

Pichler as well as senior **Mariana Valdez Ortiz**, who placed 3rd in Photo Illustration and 6th in Entertainment Review, were entered to participate in state journalism with their entries that they created in graphic design class first semester.

Junior Yearbook Sports Feature Writing champion **Amber Buhman** said, "I thought I had written a good article, but I was worried that others would be better because I didn't feel like I wrote anything in my article that would make me stand out. I had convinced myself that I was going to get 8th, so when they announced the 8th place person and it wasn't me, I was happy! When they announced second and it wasn't me, I was so surprised that I had won!"

Buhman, along with seniors **Julia Salerno** and **Blaney Dreifurst**, placed 1st in their events. Despite the fear of placing last for many of the competitors, none of the entries from Scotus received an eighth-place medal. At the end of the day, the team came home with eight third-place medals, three gold medals, and so much more. The outcome was different than the team anticipated, but each member came back with a new experience to learn from.

"I'm really proud of how we did as a team. Coming off of back to back state championships, we obviously wanted to win again, but 3rd place is pretty great too considering how stiff the competition was," senior **Kelsey Faust** said.

If there was an award for funniest teacher, who would win?

"Miss Mimick because she has a super sarcastic side."

Christina Oakley, 10

"Mrs. Moody because she always says nonchalant things that make me laugh."

Whitney Klug, 8

"Mr. Brockhaus. Whenever I see him he always says something that makes me laugh."

Jared Beaver, 11

Separated Success

"It gave the students and athletes the recognition they deserve." - Keira Feehar

In past years at Scotus, the athletic banquet and academic banquet were held on the same night. This year, however, the administration decided to separate the banquets so the night would not be as long.

Both students and staff had mixed emotions on the two banquets being separated.

Sophomore Camille Pelan, who attended both banquets, was not fond of the two nights.

"I liked how they were held on the same night because only one night was taken up," **Pelan** said. "I think getting them all done in one day is more productive."

Another student felt differently about the night. Senior **Nathan Schumacher**, who also attended both banquets, was pleased with how the nights were separate this year.

"Having the two banquets separate made it more enjoyable for me because it wasn't a long night," **Schumacher** said.

When the nights were combined, there was always a dinner held in the cafeteria during the athletic banquet. This took up more time; however, some students enjoyed that part of the night most.

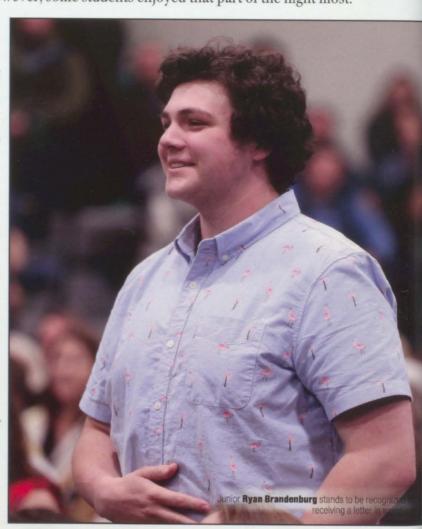

"I liked the food when the nights were not separate," sophomore **Kade Wiese** said. "Also, I would've rather had one long night instead of two long nights."

Athletic director **Merlin Lahm** was the MC for the Athletic Banquet.

"[In the past,] the night was so long," **Lahm** stated. "If we can find two nights that time of year [the banquets will be kept separate.]"

Despite the many opinions on the night, having the banquets separate this year was a success.

"I really enjoyed the nights being separate because it gave both time to slow down and acknowledge both the academics and athletics," sophomore **Keira Feehan** said. "I feel like it gave the students and athletes the recognition they deserve for all of the hard work they put in during the school year and sports season."

(left) Sophomore Camille Pelan and junior Eric Mustard received male and female lifters of the year. Seniors Kelsey Faust and Caden Pelan were the Sertoma Athletes of the Year. Seniors Bryce VunCannon and Julia Salerno received the Shamrock Club Scholarships.

Rusher assisted freshmen class sponsor Kelly Koranda handing out awards.

We Belleys, we will win

"I can do all things through him who strengthens me." -Philippians 4:13

The hallway by the Dowd Activity Center is lined with trophy cases, plaques, team and individual records, and championship pictures. Championship after championship, Scotus has a tradition dating back since the 60s of winning.

This year, many of the sports teams made it to state, but they fell short by getting eliminated in the first round to higher seeds or not competing to their personal bests. Through losing, they learned what it is they need to improve on and begin to develop a team for the future. Each sports program is a family, and they take pride in teaching the younger generations of athletes who hope to one day hang a banner.

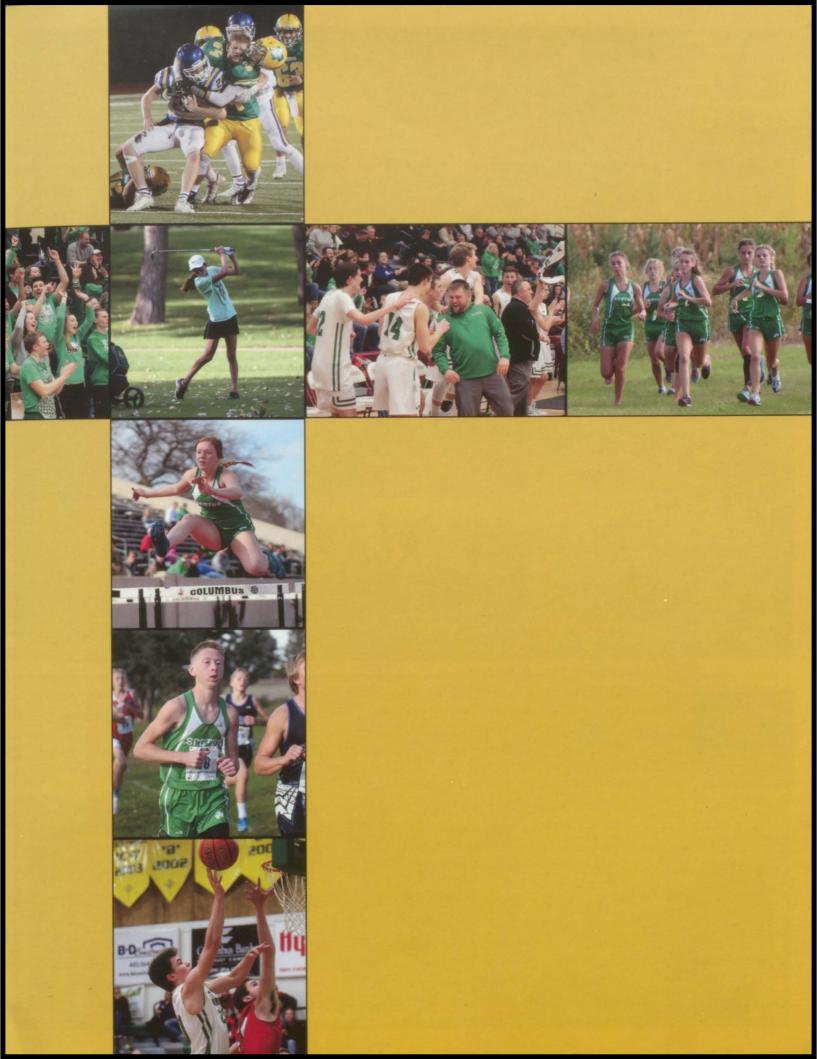

Participating in sports builds character and leadership. These characteristics are something the students at Scotus will continue throughout their lives in their work places or with the people they interact with daily.

"Playing sports at Scotus has impacted me because it has taught me a work ethic, teamwork, and how to be a leader," senior **Zack Beiermann** said.

The student body takes pride in being heavily involved with activities. With many championship titles, winning cannot be accomplished without the hardworking teams developed year after year with the help of dedicated coaches.

"All of my coaches have a positive impact in my life. They have helped me become a better skilled athlete," junior **Kenzie Brandenburg** said.

In some respects, it isn't about the wins or losses, but that we believe that we will win that keeps athletes working year after year.

What game was your favorite to cheer at this year?

"The subdistrict boys' basketball game against Boone Central because the student section was filled up to the top, and everyone was having the time of their lives. Plus the boys were on fire that night."

Kade Wiese, 10

"Football because it is my favorite sport."

Eli Kreikemeier, 7

"The football games because this year was my first season not playing football, and it was really cool

to see what the game looks like from a different angle. My favorite part is simply being able to be out with my friends on Friday nights and just having a good time together."

Cole Demuth, 11

Developing Roydiness

"It is about leading, having tup, making friends, and being a part of the Scotus family." Braden Laben

The Shamrock student section is filled with dozens of students ranging from first time seventh graders to experienced senior leaders. The seniors do their best to develop the underclassmen into future Rowdy Dowdy leaders.

Senior **Abe Perault** has been an active member of the student section since he was young. Even though he was a part of the football team, he made it to almost every volleyball or basketball game to cheer on the athletes and lead the student section.

"Leading the student section is much more difficult than I thought it would be. When people want to cheer, they will cheer, and when they don't, they don't. In the end, the more creative we got, the more fun we had," **Perault** said.

One benefit the seventh graders received when coming to Scotus was being given the title of a Rowdy Dowdy. Seventh grader **Max Lancaster** enjoyed getting in on cheers and representing Scotus at the games.

"It was very crazy [sitting in the student section for the first time], and we did a lot of chants," Lancaster said.

Senior **Braden Labenz** played a key role in creating new cheers the senior class came up with. He was also a part of the football team, but he was able to lead the student section during the basketball and volleyball games.

"Being a Rowdy Dowdy has taught me how to lead positively. We lead the student section well, and there was never a dull moment. I couldn't wait to be a senior and sit in the front row. But it is more than just sitting in the front. It is about leading, having fun, making friends, and being a part of the Scotus family," **Labenz** concluded.

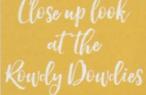

Max lancaster

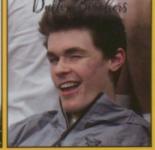

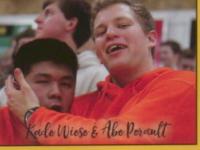

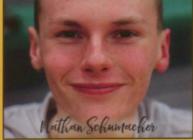

What is your favorite part about being a cheerleader?

"My favorite part is leading the crowd and getting them fired up at intense moments of games. (Toaster rides are pretty cool, too)."

Kate Smith, 11

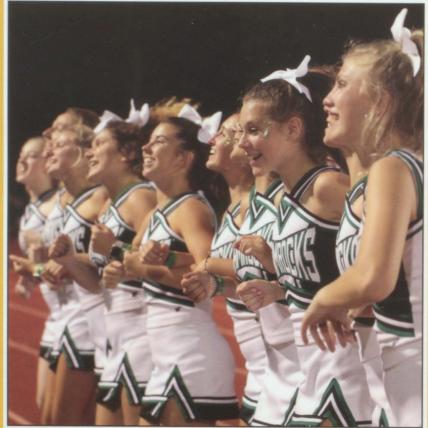

"My favorite part about cheerleading was cheering with all the cheerleaders and being able to basically have front row seating while cheering."

Kaira Dallman, 10

"My favorite part about being a cheerleader is being on a team that is so supportive of not only everyone else, but one another. My first year I became closer with everyone on the squad."

Camille Cox, 9

(top) A group of the squad leads the student section in the cheer "trucking". The cheerleaders keep the student section involved by doing a variety of cheers with them in between quarters and during timeouts. The cheerleaders perform a pyramid in a dance to entertain the crowd during half time of a game. The girls learned a variety of pyramids and stunts at the NCA cheer camp they attended during summer.

From One Season to the Next

"Cheer has given me more confidence, and I am thankful for that."-Alli Demuth

From representing the Shamrocks during the summer at various camps and parades, to leading a rowdy student section during a winter basketball game, the Scotus cheerleaders keep themselves busy throughout their entire season. Starting back in April of 2018, the cheer squad added seven new members giving them a total of twenty girls, five of which were freshmen.

"The highlight of this cheer season has been watching all of the freshmen really break out of their shells and have fun cheering by each other," senior **Julia Salerno** said.

Starting in the summer, the girls attended the NCA cheer camp at UNL where they received various awards such as All-American nominees, trophies, and winning the overall spirit award for the fifth year in a row. After a busy summer, the squad prepared for an even busier school year filled with practices every Tuesday and Thursday, making posters for the school, planning pep rallies, fundraising, and, most importantly, cheering on the Shamrocks.

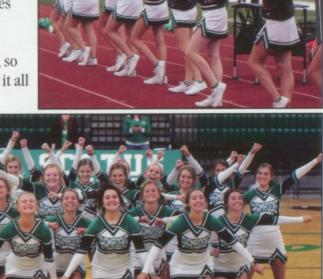

"My favorite thing about cheer is the Shamrock atmosphere at every event we have," senior **Rebekah Hergott** said.

During the fall the cheerleaders show spirit at Friday night football games and volleyball games in the Dowd Activity Center. Then during the winter months, they cheer on the boys' and girls' basketball teams as well as the wrestlers. Many of the cheerleaders also happen to be athletes themselves, so they go from school, to practices, to cheer then wake up the next day to do it all over again.

"I love cheer, but it can be a little busy at times and difficult when I need to go home and do my homework," sophomore **Alli Demuth** said.

Although cheer isn't always the most physically demanding sport, it takes time and effort from the girls. However, the time and effort are rewarded by seeing the Shamrock community come together at games, spending time with friends, and picking up life lessons along the way.

"Cheer has really taught me to break out of my shell. I have come to learn that it is not scary going up in front of a ton of people. Cheer has given me more confidence, and I am thankful for that," **Demuth** said.

(top) Sophomore **Alli Demuth** and freshman **Makenna Svehla** perform a stunt during a football game with freshman **Allie Baumert** as the flyer. (middle) A

What is your favorite club?

"My favorite club is my 9 iron because no matter the day I can hit the ball straight and long with that club."

> MaKenzie Enderlin, 11

"My 6 wood because I've used it so much that I can always rely on it to get me out of tough places."

Jaelyn Podolak, 10

"My favorite club is the 7 iron because it hits farther than my other irons. It is my lucky club."

Michaela Kresha, 10

Surprising the Spectators

"All I worked for finally paid off." Jaycee Ternu

Inexperience is a hurdle that all teams must face at one point or another but seeing how a team handles the adversity is something everyone looks forward to. The girls' golf team had one returning varsity player. The team knew they had to step up to achieve what they wanted at the end of the season.

The team started off strong winning the first two meets scoring 205 points at both the Norfolk dual and Fullerton, Lakeview, and Scotus triangular. The next couple meets didn't go as well as the team planned, but at the Boone Central and Fullerton Invite, the girls turned everything around and won the meets.

"We all shot well, and it was our best team score all year," freshman Avery Dierman said.

They didn't stop believing and kept pushing each other throughout the season. The team ended up placing second at district golf, which was a surprise to many people.

"I was really proud of my team placing at districts and going to state. We were not projected to do that because we were such a young team," senior **Hannah Allen** said.

Making it to state was both thrilling and nerve racking for the young team.

"My golf team really kept me calm because we were going through the same thing, and my coach really encouraged me, too," junior **Jaycee Ternus** commented.

The team tied for seventh place at the state tournament, shooting a total of 444 points. None of the teams had the opportunity to finish the tournament due to the poor weather conditions.

"[The season was] fast but full of love. It's always fast, but the amount of love we have for each other is like a family," junior **MaKenzie Enderlin** said.

(far left) Sophomore Jaelyn Podolak focuses before she putts the ball into the hole. Practices consisted of fixing stances and direction to improve the girls' games. (middle) Junior

(above) Alaina Dierman carefully putts the ball. (middle left) Freshman Abee Hutchinson drives the ball down the fairway. (middle right) Freshman Avery Dierman putts the ball onto the green and into the hole. The JV team practiced with the varsity and improved throughout the season. (left) Sophomores Michaela Kresha and Jaelyn Podolak, and freshmen Alaina Dierman, Abee Hutchinson, and Avery Dierman pose for a picture after their meet at the Elks Country Club.

Stepping Up

Senior **Hannah Allen** contributed to the golf team by giving helpful tips to improve her teammates' games, encouraging the girls to never give up, and always providing the girls with some giggles.

"I knew going into the season I was going to have to step up and be a leader. I'm close friends with everyone on the team, so leadership naturally happened with me being the oldest," Allen said.

Although people doubted the team, Allen never did. She had faith in herself and team.

"We were not projected to (place at districts), but everyone worked really hard all year and played well at districts," Allen commented

Allen's teammates looked to her not only for advice but depended on her for always having fun.

"My favorite memories of the season are

Hannah dressed in a cow onesie in our hotel room, and her forcing us to listen to Taylor Swift in the toaster," junior MaKenzie Enderlin said.

Who was the most inspirational player on the team?

"Adam Kamrath because he is the best and doesn't make mistakes."

Connor Wiehn, 11

"Rylie Olson was a positive role model and made the practices fun."

Kate Smith, 11

"We got to wear shirts and put up a banner for Trevor Luckey, so it's good to see him keep fighting."

Drew VunCannon, 11

Swinging for Success

"We just need to keep building." -Katie Stachura

Only having three or four people from your school on a team seems strange to most athletes, but not to the Scotus students who co-op to play softball and tennis for Columbus High School.

The softball team had a total of four girls from Scotus.

"The highlight game was when we played Scottsbluff in conference, and we were losing 2-8. We came back and beat them 10-9 in the last inning," junior catcher **Kate Smith** said.

The Discoverers faced the top three ranked teams in class A during their regular season; unfortunately, they did not win them, but the games helped them improve.

Senior **Rylie Olson** commented, "Overall, I think our season was productive. We learned a lot about teamwork, and each of us improved our skills."

The girls plan to practice and prepare for next season.

Smith stated, "I will be going to softball camps and perfecting my game to lead by example when I'm a senior next year."

The softball team finished with a record of 12-22.

Junior pitcher **Katie Stachura** explained, "We struggled with hitting a little at the end, but we worked really hard at hitting in practice, and overcame that struggle."

While the softball players struggled to finish out their season strong, the tennis players struggled to kick off their season.

Junior **Connor Wiehn** stated, "In the beginning of the season we struggled a lot with mistakes. As we went on we became more comfortable."

The boys' tennis team only had three juniors participate in the co-op sport this season.

Junior **Adam Kamrath** added, "I was very happy with the way my season ended. I finished off 22-20 and won my first match in the state tournament.

The Discoverers know that they need to work hard in order to be successful next season.

Wiehn added, "I will go to more open courts in the summer to improve my game."

Even though the tennis team finished with a 0-6 record in the tournaments they participated in, there was still some positive take away.

Junior **Drew VunCannon** stated, "[The season] was a lot of fun; the team and coaches made it enjoyable."

Smith gets ready to throw down to second base. This season Smith had a total of 17 throwdowns.
Freshman Gwendolyn Stachura winds up to pitch the ball. Stachura was one of the junior varsity pitchers from Scotus.

What is your favorite part about cross country?

"I love how close we get as a team throughout the season, and singing 'Dancing Queen' on the bus on the ride home from every meet."

Kendra Korger, 12

"Hands down, my favorite part of cross country is the people. Cross country has the best group of people and coaches, and they make the awful practices 100% worth it!"

Haylee Cielocha, 11

"My favorite part is the people. They have truly changed my life and are some of the greatest people I have ever met. I will miss them, but they will always hold a very special place in my heart. XC fam for life!"

Mattie Johnson, 12

Getting Back on Track

After experiencing a season full of injuries in 2017, the Shamrock girls' cross country team was determined to recover and get back on top this year. The girls began training in the off season, and their hard work paid off in the fall. The Shamrocks made it their goal from the beginning of the season to make it to the state meet, and they showed both physical and mental improvement throughout the season.

"Our athletic performance was consistent throughout the season of being on top, but I think the best improvement we made was mentally," junior **Brea Lassek** said.

The girls started the season with a team championship at the Boone Central Invite. Their success continued throughout the season, and the girls won eight out of ten meets, including the UNK Invite.

"Winning the UNK Invite was huge for us. We competed against over twenty teams, and many of them were teams we would see at the state meet, so winning made us realize that we had a chance at a state title," senior **Kelsey Faust** said.

The Shamrocks won their district, qualifying for the state meet in Kearney on October 19th. It was the team's goal to bring home a trophy, but the girls ended up just short of this goal with a 3rd place finish.

"State didn't go exactly the way we wanted it to, but we had a blast, and we were just thankful to be there," junior **Liza Zaruba** said.

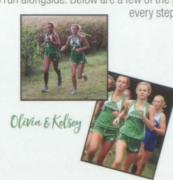

The team finished their season with a 123-3 record. Although the girls will be losing three seniors, the team's future looks bright.

"I am going to miss everything about cross country, and it was extremely hard saying goodbye at state. I am going to miss running with my best friends, but I know they will continue to do big things in the future," **Faust** concluded.

Dynami DUOS

Having a teammate to run alongside can make a huge difference for cross country runners in both practices and races. Runners can help push their teammates to be their best and feel a sense of friendly competition. There were many girls on the team this year who were able to find a teammate with a similar pace to run alongside. Below are a few of the pairs of girls who could often be seen pushing each other every step of the way at meets.

Mattie & Jaycee

runs up "The Wall" at the Scotus Invite. It was Heng's first year of cross country. Sophomore runner Abaigeal Aydt leads a group of girls at the Boone Central Invite. Junior Brea Lassek focuses during a race. Freshman Liz Adamy runs up a hill while competing at the state meet. Adamy was the only freshman on the team this year. Junior Jacey Clarey

A Second Family

"The leam. Scratch that. The family." -Lucas Schaech

Even though many teams had rebuilding years, that was not the case for the Scotus boys' cross country team.

The team returned every varsity runner from last year, so they knew what to expect coming in and knew their goals for the season.

"Everything just felt right. Even on the hardest days, we really just went in and got to business, doing what we had to do, what we chose to do. This cross country season was the best season I've ever had," senior **Lucas Schaecher** said.

Although the runners thought the season went well as a whole, there were still meets that were challenging. Many runners thought the conference meet was the most challenging due to the rainy conditions that day.

"The most challenging meet for me this year was conference in Lincoln. The weather was cold and rainy, and my muscles tightened up halfway through the race. It was hard to tell myself to keep going all the way to the finish line," sophomore **Michael Gasper** said.

Many of the runners felt as if the district meet was the best of the season. The boys' team beat Boone Central by one point and were district champions.

"We had no idea if the boys had gotten first or second as a team. The moment they announced Scotus as first place, we all went wild. It was the best feeling I had all season," **Gasper** said.

The boys' team placed sixth overall at the state meet in Kearney. This was the first time senior **Elliott Thomazin** placed at a state meet.

"Bringing home two medalists, some great times, and a lot of smiles on the bus ride home was the perfect way to end the season," **Thomazin** said.

The team will lose six seniors next year, three of which were varsity runners.

"The one thing I will miss most about cross country will be the team. I have never met a more diverse group of people that come together so well. These people are the main reason I stayed out all four years, and it is sad that it is over forever now," senior **Carter Thorson** said.

(left to right) Seniors Nathan
Schumacher, Carter Thorson, and
sophomore Ben Juarez compete at

What was your favorite game of the season?

"Lakeview, because we played our best, and it was great to see our hardwork pay off. I am forever grateful for all the laughs and friendships this season brought me."

Courtney Kosch, 12

"I really enjoyed the Lincoln Lutheran game because the atmosphere from the crowd was great, and it was exciting to be playing at a state game."

Blaney Dreifurst, 12

"My favorite game was the game against Chadron because when we won, we made it to state and that was super exciting."

Julia Salerno, 12

Bringing Back Tradition

felt like I fit back into the Scotus tradition."-Bailey Let

Scotus is known throughout the state of Nebraska for its volleyball program winning state championships. Because of this, the volleyball team always feels pressure to get to state, especially this year because if they had not qualified, it would have been the third year in a row without an appearance and more is expected of the Scotus volleyball program. Winning the district final against Chadron took the Shamrocks back to the state tournament.

"When we got the final point, I started crying because we were off to the state tournament," senior

libero Abbie Zoucha said.

All the girls on the team had seen teams before them make it to state, and they wanted to make it for themselves.

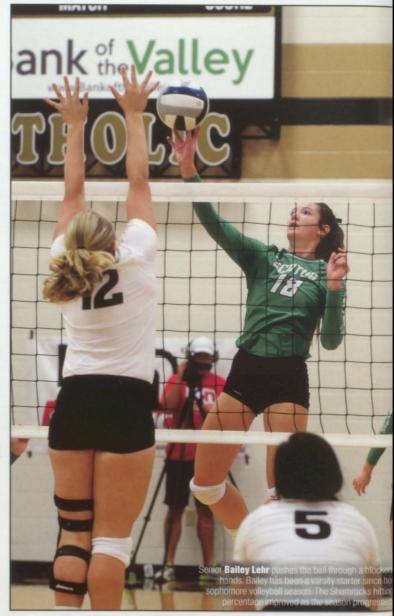

"It was a dream come true. I've grown up going to the state tournament. I was always watching some family member play down in Lincoln. Getting there and really being a part of the team made my six-year-old self so proud," junior setter **Chloe Odbert** stated.

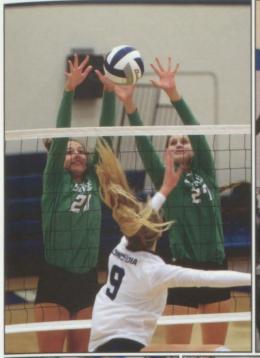

The Shamrocks had a hard schedule this season. They played Saint Paul, Bishop Neumann, Grand Island Central Catholic, and Wayne in the regular season. All of these teams were also state qualifiers in Class C1. Scotus played teams from other classes that also made it to the state tournament this season.

"I felt like I fit back into the Scotus tradition," senior outside hitter **Bailey Lehr** said.

The alumni and current players are all a part of a tradition that has lasted for years at Scotus.

Head volleyball coach **Janet Tooley** said, "The girls are now a part of the Scotus volleyball sisterhood."

Senior outside hitter Courtney Kosch jump serves at Lakeview. The Shamrocks were 3-0 against Lakeview this season.

Senior libero Abbie Zoucha waits for the ball to come in at the Columbus Classic. Scotus took second place at the Classic.

What have you learned from being a part of the team?

"Hard work works.
Discipline builds
character. Most of
all though, anyone
can be a part of the
football family. It
doesn't matter if
you're short, tall, fat,
skinny, quiet or
loud. There is a spot
for everyone."

Abe Perault, 12

"Working hard and aggression will get you farther than talent."

Grant Shanle, 12

"One thing I learned from the last four years of being a part of the Scotus football team is that it is a brotherhood. I can personally say that each of my teammates have become brothers."

Zack Beiermann, 12

Koller Coaster Ricle of a Season

The Shamrock football team kept their fans on the edge of their seats during the season. People never knew what team would be on the field during the chilly Friday nights.

Senior running back Zack Beiermann said, "Our season was like a roller coaster ride."

The team started off their season with a bang by defeating longtime rival, Aquinas. Sadly, the Shamrocks were not able to keep the fire from the first win and fell during the following three games.

After the third loss, the team was sent back to the drawing board to prepare for number three ranked Bishop Neumann. The Shamrocks were able to knock off a top rated team. The team learned that they had the talent and potential to be a great team if they worked together and played hard.

Junior fullback **Eric Mustard** said, "We learned that we could compete with the top teams in the state. It gave us a lot of confidence moving forward."

Even with the newly found confidence, the Shamrocks were unable to pull off a win against hometown rival, Lakeview.

Senior lineman **Abe Perault** said, "I think it was a reality check for us. We came off the Neumann game feeling immortal."

The loss put the team at a difficult spot for the two remaining games. The Shamrocks had to win against the following teams. They were able to easily pull of a win against Logan View, but they knew the real challenge would be topped ranked Wahoo High. Even though the Shamrocks had high hopes during the practices leading up to the Wahoo game, they were unable to seal the deal. The team ended their season with a record of 4-5.

Senior running back **Tyler Wurtz** concluded, "[The season] had many ups and downs, but at the end of the day, we knew we gave it all our effort."

(left) Coach Tyler Linder talks to the team during a timeout. (bottom left) Junior split end Dalton Borchers escapes with the ball

What are you going to miss the most from this season?

"I am going to miss spending time with the team. Since we had such a small team, everyone became close to each other."

Blaney Dreifurst, 12

"I'm going to miss all the seniors. I'll miss Courtney guarding me in practice, guarding Abbie during plays, and I'll miss Bailey cheering during JV games."

Ava Kuhl, 10

"This season was different than any other season. Our team was a family. I am going to miss playing with these girls."

Abbie Zoucha, 12

Playing for Each Other

"We learned how to play for the team and not for ourselves." -Chica Odbe

This season, the Scotus girls' basketball team had to go through a lot of challenges: their returning all-state player, senior **Bailey Lehr**, tore her ACL in the jamboree, sophomore **Kamryn Chohon** had to get her appendix removed, and the team was full of young players who had little to no varsity experience. The Shamrocks were still able to come together and have a good season.

Sophomore **Camille Pelan**, who led the Shamrocks to a 47-45 upset over fifth ranked GICC early in the season, said, "I'm so proud of our team! We were able to overcome so much adversity this season."

One way of overcoming this adversity was by valuing the team above individual success. In pregame talks, coach **Jarrod Ridder** often encouraged the girls to make sacrifices and to play for one another. The girls embraced the idea of this during the season.

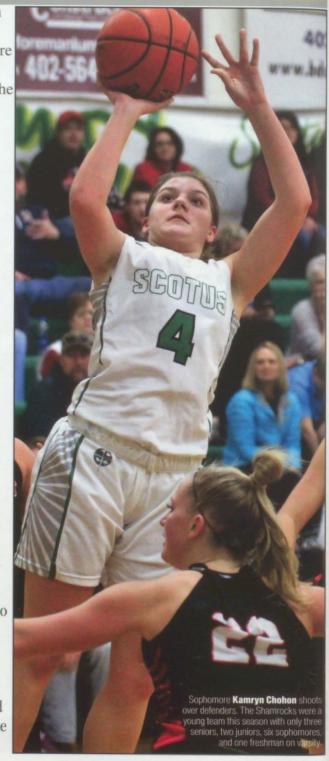

Junior **Chloe Odbert** stated, "We grew together. We learned how to play for the team and not for ourselves. We truly did love and play for each other and our teammates."

The Shamrocks showed this team unity with a Holiday Tournament championship. Scotus beat Schuyler and Lakeview to win this for the eighth straight year.

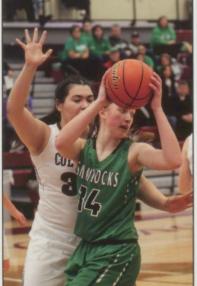

There were three seniors on the team who each brought a different strength and led by example.

"We all wanted to win games for each other and especially for the seniors, because they have all put so much effort into this season. I especially wanted to win for Bailey since she got hurt in the jamboree," junior **Amber Buhman** said.

Even though the season ended sooner than the team would have liked with a loss against Boone Central in the first round of subdistricts and a record of 10-12, the Shamrocks had some big wins and some major upsets throughout the season.

Finishing Strong

"We were a team that could be scary in the post season." Tyler Palmer

Basketball season is the longest season for high school sports. Since it's such a long season, the school gets to watch the players improve throughout the four months. At the beginning of the season, the boys' basketball team came out strong and were ready to show everyone what they were capable of. They started their season off with a winning record of 5-4 after they won the Holiday Tournament.

"[A highlight from this season was] winning the Holiday Tournament because it gave the team confidence going into the new year against tougher teams," senior **Tyler Wurtz** stated.

After the Holiday Tournament, the team didn't play to their highest potential, but they never gave up. They went on a losing streak that eventually ended when they played a rival school, David City Aquinas.

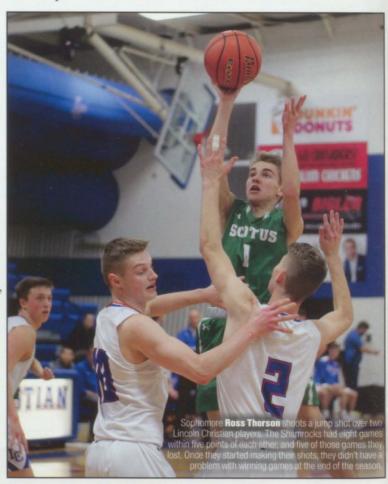

"After we finally broke through our shell against Aquinas, we got a new spark. Our shots started falling, and our plays started to develop. There was a lot of unselfishness during that game and it really revamped our whole vibe to realize we were a team that could be scary in the post season," junior **Tyler Palmer** said.

This win against Aquinas gave the team the confidence they needed to compete in the district tournament. They surprised everyone with their improvement and drive to win.

"I think we understood what we were really capable of toward the end of the season. We did not think we were a talented team during January, but we turned around that mentality in the middle of February," senior Caden Pelan stated.

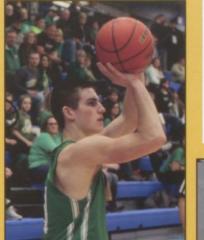

Through their ups and downs, the Shamrocks continued to have a good mindset that led them further than anyone expected. They won their subdistrict games against Madison, Twin River, and Boone Central leading them to their district final game against Ogallala.

Head coach **Tyler Swanson** concluded, "I thought we finished off the season very strong. The Ogallala game did not end how we had hoped, but we knew we were going to have to play a very solid game and limit offensive rebounds and turnovers. The highlight of the game was how we finished the first half by hitting three threes in the final minute. That gave us a lot of momentum going into the half."

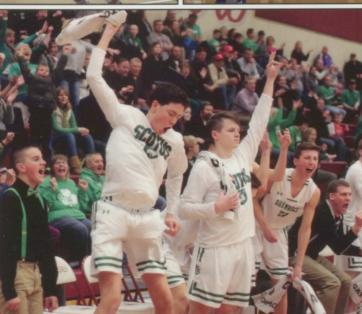

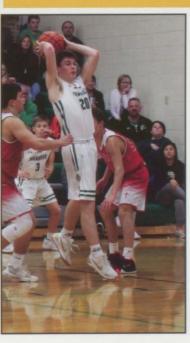

(left) Junior **Tyler Palmer**, assistant coaches **Pat Brockhaus** and **Mike VunCannon**, and junior **Connor Wiehn** focus on what is happening during one of their home games. The Shamrocks faced many challenges this year, but the win over David City Aquinas pushed them to keep working hard at the end of the season. (bottom left) Sophomore Evan **Bock** searches for a teammate to pass to while dribbling the ball down the court. (below) Sophomore Josh Faust shows off his vertical by jumping and catching the basketball. The boys made a comeback during the Ogallala game before half time which made the game one of the most exciting games for the

What will you miss most about the season?

"The seniors."

Evan Hand, 11

"Picking on the freshmen and my practice partner. Jack."

Colby Gilson, 12

"Wrestling."

Daniel Tworek, 12

Rocks Wrestling

The wrestling program has been at Scotus for seven years, and the wrestlers had a "go get it" attitude from the start of the year. Finishing off the season, Scotus placed 2nd as a team at the conference tournament and qualified wrestlers at the state tournament.

"When I wrestled Brook Behlen from Lakeview [it excited me for the rest of the season]. Even though I tried to throw him and landed on my back, I should have beat him and that gave me hope," junior Evan Hand said.

Senior Jackson Neville placed 2nd at conference while wrestling in the 138-pound weight class. **Neville** said, "As seniors, we were the leaders. We had to set good examples for the underclassmen." Scotus managed to qualify six wrestlers for state: three seniors, two juniors, and one freshman. Senior **Daniel Tworek** wrestled in the 106-pound weight class and placed 2nd at conference.

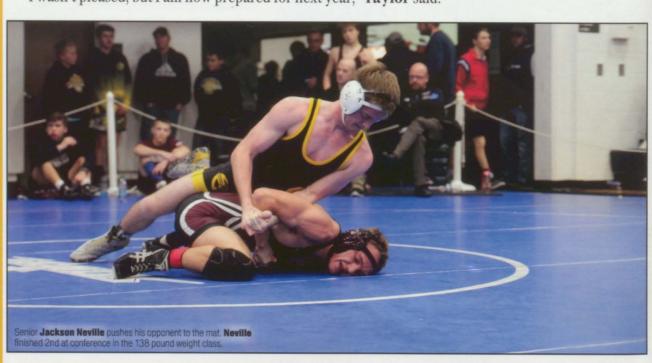

"The best thing about state wrestling was knowing you are one of the top sixteen wrestlers of your weight class," Tworek said.

Freshman Landyn Maschmeier was the fourth freshman to be a conference champion at Scotus and also qualified for state.

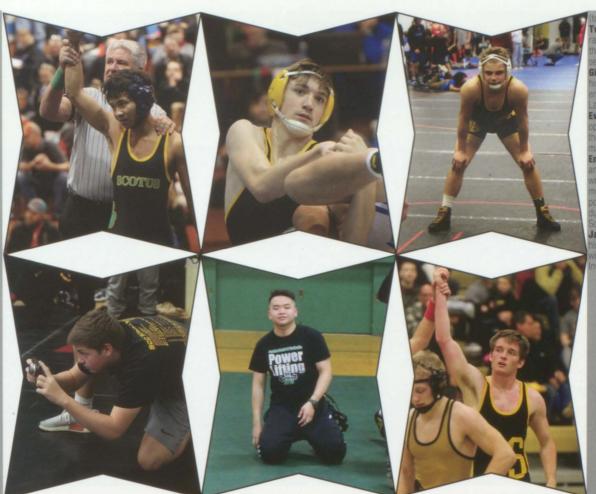

Maschmeier admitted, "You feel like you have a lot of pressure on you and it's nerve racking because you have never been there before, but it's an exciting experience."

State wrestling did not go as planned for many of the athletes, but the returning wrestlers are able to learn from their experience.

Junior **Nick Taylor** competed in the 132-weight class and helped the team place at conference. "I wasn't pleased, but I am now prepared for next year," Taylor said.

SENJORS

Swimming for the Win

ti never fan infonyn my mind indi we would ve won. Andifa Daliman

Scotus has always been known to be good in sports, from the volleyball court, out on the soccer field, and even in the depths of the swimming pool.

The swim team is a mixture of Scotus and CHS students freshmen through seniors. Usually the swim team practices at the Columbus Aquatic Center, but this year was a different story. Due to the low temperatures of the swimming pool at the Aquatic Center, the team was forced to have their first weeks of practice out of the water.

"It was hard seeing other teams being able to practice, and we wouldn't even get in the pool," team captain senior **Julia Salerno** stated.

The swim team attended many swim meets throughout the year including the Pius X dual and the Millard North meet. "The meet that stands out to me the most is the Millard North meet because that is the meet that I got my 27 time in breast stroke," sophomore **Kaira Dallman** said.

With the main goal of getting to state swim, the swim team headed into conference and left champions. Not only did the girls varsity team bring home the gold, but also reserved nine spots for the state meet in Lincoln.

"I felt that conference swim went pretty well, but it never ran through my mind that we would've won," **Dallman** stated. Even though neither the boys nor girls made it to round two of the state finals, personal best times were broken for many. "I got a personal best time at state with a 1:03; my previous time was a 1:05 in my 100 breaststroke," senior **Konner**

Kudron stated.

Finals included the 16 fastest times of the 22 total events. The girls ended up getting 17th in the 200 medley and 19th in the 200 free relay.

"We got a best time in every event; however, we are ready to go back and get to finals next year!" junior **Emily Miksch** concluded.

What is your favorite memory from the season?

Camille Pelan, 10

"Watching coach Brezenski do the worm after we beat CHS in the district finals."

Julia Salerno, 12

"My favorite memory was when Callie Backman got hit by Courtney Kosch's kick twice in the same practice and didn't move out of the way either time, she just fell backwards."

Stephanie Hoenk, 9

Showrock Strong

Along with many other sports, Scotus is known for always having a good soccer team, but this year was

different. Not only did the girls lose six of their starters from the previous year, but they were also having troubles getting girls to join the team, but the team persevered in the end to have a great year.

"We were scared at the beginning of the year that we weren't going to have enough for a team. We took the sixteen girls we had and worked hard. All of us wanted to be there and play which made this season fun," senior midfielder **Abbie Zoucha** said.

With small numbers and a young team, the girls had a lot to prove about themselves. With only sixteen girls on the team, they worked harder to keep themselves in shape, for most of them wouldn't come out of the game.

"Some challenges that our team faced was being low in numbers and having a lot of injuries. We dealt with them by having us underclassmen step up. We all fought as long and hard as we could when we were put in," freshman wing **Liz Adamy** said.

Even though the team had low numbers, they grew into more than just a team. A lot of the girls knew that to be successful as a team they needed to work well together and have good relationships amidst the team. The girls only let in a total of ten goals throughout their season.

"The best part about being on the soccer team was becoming so close with everyone, especially the seniors. They were great role models for everyone," freshman wing **Halle Langan** said.

The girls ended their season with thirteen wins and only four losses, losing by one to two points each time. The Scotus soccer girls ended their season at substate when they lost to Elkhorn 1-0.

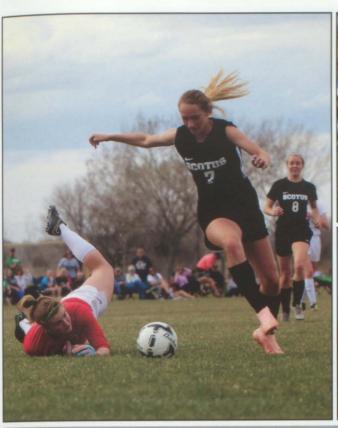

"I think this season was full of trials, but we dealt with it very well. Not being able to have more than five people sub into a game was difficult and injuries set us back at some points. Overall, I believe that we persevered through difficult times and never gave up. I'm very happy with how everyone played and all the effort they gave the whole season," senior midfielder **Courtney Kosch** said.

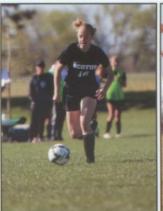

(right) Senior Abbie Zoucha gets tackled by the other team's goalle. Zoucha had the most goals this year with 20. Freshman Kate Maguire takes the ball up the field. Maguire filled big shoes from last year and stepped into the middle defender Seniors Emily Stutzman and **Abbie Zoucha** Zoucha scored a winning goal with freshman Kate

Brandenburg dribbles around the Omaha Duchesne's goalie. The girls beat them 5-0. (middle left) Junior Ava Kuhl dribbles up the ball. Kuhl is a defender for the team. (left) Freshman Stephanie Hoenk takes on her opponent. Hoenk was one of five freshmen to join the team.

Stutzman clears the ball. Stutzman played defense for Scotus all four years.

(top left) Freshman Liz Adamy, Stephanie Hoenk, Callie Backman, Halle Langan, and sophomore Tanley Miller cheer on their teammates from the side lines. The soccer girls only had five subs all year.

Sophomore Camille Pelan goes against a CHS girl during the game. Scotus won against CHS 1-0.

The soccer team lays on the field for a pep talk before their game. The girls did it before every game.

(middle) The Scotus girls celebrate their win against Omaha Duchesne after beating them

Sophomore Tanley Miller tries to get the ball from her opponent. Miller played wing for her team.

Senior Courtney Kosch fights aggressively to get the ball. Kosch will continue ner career at College of Saint Mary.

far left) Sophomore Kamryn Chohon takes the ball up the field. This was Chohon's second year as a starter.

Junior Samantha Tonniges goes to clear the ball. Tonniges has been a starting defender for Scotus since her freshman year.

Who was a big leader for you on and off the field?

"Zack was a big leader for us this year on and off the field. He ran the defense most games and helped other guys progress in their talent."

Connor Wiehn, 11

"Braden was a big leader because he was always working hard."

Tyler Vaught,

"Henry was a big leader, on the field he would help me and give me advice, and even off the field he would talk to me about what we could do better."

> Adam Quinn, 9

Shooting for the Best

Overcoming doubt and fear is a challenge that every team must overcome to be successful. The Scotus boys' soccer team turned around their season completely this year from last year with a record of 13-5 this season compared to their 5-12 season last year. They started their season off strong defeating teams with ease. Since they had returning starters, it was clearly noticeable on the field.

"We had more experience this year. Our seniors were able to play well together and with others filling in very well. Our entire team played more as a whole," senior forward **Braden Labenz** said.

The boys went on a six-game winning streak that ended when they played a tough Class A Omaha Bryan team. This season surprised not only the spectators but the team as well.

"I didn't think we would be this good after how last year went. I don't know what we did different, but it worked," senior defender **Carter Thorson** said.

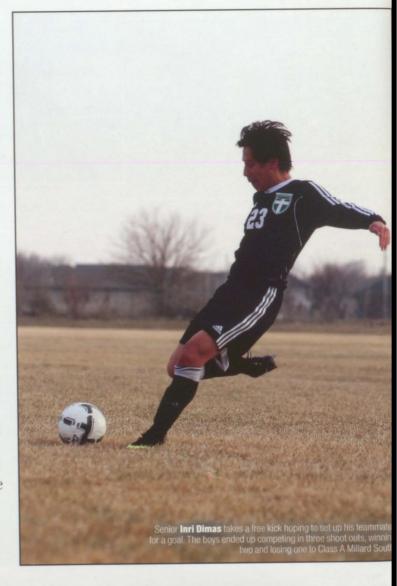

They continued to win games against teams that they weren't supposed to beat. Also, they played four games that led into double overtime, and three of those games leading to shootouts. The Scotus boys beat CHS, the Class B state runner-up, in double overtime.

"I think a lot of us were mad with the season we had last year and all of us decided that change needed to happen," senior defender Zack

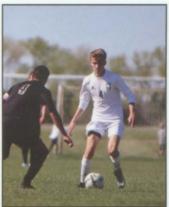

Beiermann said.

With the large target on their back, due to them winning games against highly ranked teams, they had a difficult match to play at substate. The boys played a tough game but fell short to Omaha Roncalli 1-2.

"We started strong and ended strong as a team; unfortunately, we couldn't make our dream of playing at Morrison come true. We are all happy on how the team played this year," junior midfielder **Henry Hernandez** concluded.

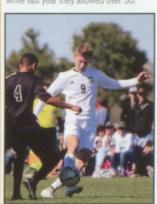

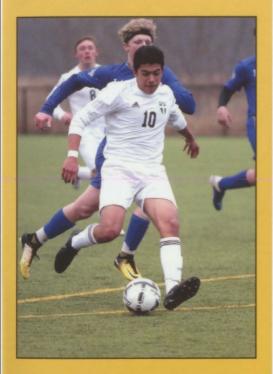

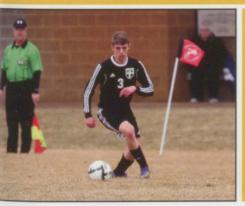

(far left) Freshman Adam Quinn dribbles the ball up the field.
Sophomore Ross Thorson takes on an opponent one on one. The Scotus boys started their season strong beating Lakeview 8-0. (bottom left) Junior Connor Wiehn throws the ball up the field to another Scotus player. The boys played a tougher schedule this year by getting into Class A tournaments in Nebraska and lowa. (left) Senior Zack Beiermann passes the ball up the field. (below) Junior Tyler Vaught steals the ball from an opponent. This year the boys only allowed 17 goals to be scored on them while last year they allowed over 50.

(top left) Junior **Henry Hernandez** takes a shot at goal. This season the boys went on a six game winning streak which led them to gaining the confidence they needed to compete with outstanding teams. Senior **Bailey Christensen** dribbles down the field heading toward the goal. Senior **Carter Thorson** takes the ball up the field searching for a teammate to pass to. They played Class A teams and ended up defeating a Class A team at the Creighton Prep Tournament. (above) Senior **Braden Labenz** gets into the goal box searching for a clear shot at goal. (far left) Senior **Luke Bettenhausen** carries the ball up the field. At the end of the season, the boys pulled an upset defeating CHS in double overtime 1-0. (left) Freshman **Chance Bailey** dribbles the ball up the field looking to set up a play for his teammates. The boys ended their season at substate against Omaha Roncalli losing 1-2.

What are you going to miss the most from this season?

"I am going to miss the people more than anything, and I'll miss the encouragement and support that I see my teammates give to one another every day."

Kelsey Faust, 12

"I'm 110% going to miss the seniors the most. They have been such great leaders and have become some of my best friends."

Liza Zaruba, 11

"I'm obviously going to miss the seniors, but I am also going to miss running with my group and listening to Regan Sucha's stories everyday."

Amber Buhman, 11

(above) Sophomore jumper **Anna Ehlers** flies over the bar. **Ehlers** added triple jump to her list of events this season. (right) Sophomore **Olivia Fehringer** strides out the last leg of the 4x100 meter relay. **Fehringer** qualified for state in both the mile and the 800 and won the 800 at districts.

Running in the Rain

"We always found a way to make it fun!" -Brea Lassek

In rain, snow, or shine the Scotus girls' track team can always be found out at Pawnee Park running, but this year, the Shamrocks were forced to work out indoors at the beginning of the season due to flooding out at the track. Having to be inside made it difficult for the team to get good workouts in.

"Indoor training was difficult for me because as a distance runner, pre-season miles are very important, and we were not able to get long distance workouts in until after the weather finally warmed up," senior state qualifier **Kelsey Faust** remarked.

Once the Shamrocks got outside, the coaches were ready to make up for lost time. No matter what the weather was like, the team would be outside.

"On the Friday before prom, we did repeat 800s with sleet and snow pounding in our faces," junior **Brea Lassek** recalled. "I couldn't see for half of the loop, and Coach **Tooley** started recording us. Even though the weather was bad, we always found a way to make it fun!"

The repeat 800s proved to be helpful. **Faust** and Junior **Liza Zaruba** both competed well and placed at almost every meet in the two mile. Practices were not the only place that the Shamrocks had to deal with bad weather. The weather of course followed them to the meets, especially conference.

"Just when everyone thought it was warming up, we had conference and it was 34 degrees out," sophomore **Abaigeal Aydt** said. "Like Coach **Tooley** says though, that was why we had always trained outside to prepare us to compete in that type of weather."

The weather did not stop the Shamrocks at conference. Sophomore **Olivia Fehringer** placed 6th in the 400 and 2nd in the 800. Freshman **Grace Mustard** placed 2nd in both hurdle races. At the district meet, the team placed 3rd and had four girls qualify for the state meet.

(top) Senior **Rylie Olson** throws the discus at the Scotus Relays. **Olson** was a good senior leader for the other throwers this season.

Senior **Kendra Korger** hits her mark perfectly while long jumping at the KC Invite. **Korger** also competed in pole vault this season.

Senior distance runner **Kelsey Faust** rounds curve one at Wesleyan. **Faust** qualified for state in the 3200 and led the distance team this season. (left) Freshman **Grace Mustard** goes over the first hurdle at the Scotus Relays. **Mustard** qualified for state in both the 100 hurdles and the 300 hurdles. She also placed second in both races at conference.

What was your favorite memory or event this season?

"My favorite event is the 3200 meter run. I love running the 3200. It's an incredibly dynamic race with changes in pace and strategy. The mental toughness that's required to run a fast pace for 8 laps is astounding."

Elliott Thomazin, 12

"The most memorable thing this season was when I broke my nose competing in high jump at districts."

Tim Sliva, 9

"I love throwing discus. It's something that I'm pretty good at. It's a time where everyone around you is quiet and you can just relax. It isn't necessarily an event where you're always going against everyone else, because most of the time, you're just trying to beat your best distance."

Cole Demuth, 11

Doing it All

Being in multiple events shows you're willing to work hard." -Abe Perau

Track is a sport that allows athletes to participate in a variety of activities. Track members have the choice of throwing the disc, pole vaulting, running a mile, or much more. With only twenty-six boys out for track this year, the Scotus athletes had to learn how to do it all. No member was in just one event.

Junior thrower and high jumper **Cole Demuth** said, "Being in multiple events allows you to not only explore things that you may be good at, but also be a better all-around athlete."

Being involved in multiple events is not just beneficial to the athletes.

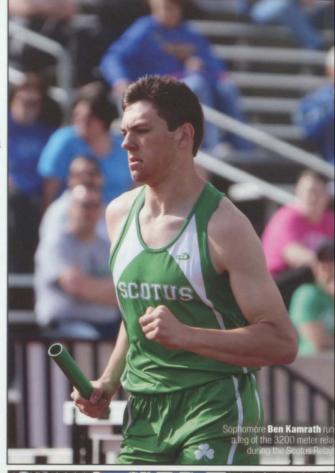

Senior thrower and 400 runner **Abe Perault** said, "It's all about teamwork too. If you can help score points in one event just by even getting 6th, you're doing your team a favor."

Training in multiple events paid off for two Shamrocks in the district meet. Senior thrower and hurdler **Grant Shanle** and sophomore hurdler **Justin Sliva** qualified for the state meet. Shanle qualified in disc and the 110 high hurdles, and Sliva qualified in the 300 intermediate hurdles.

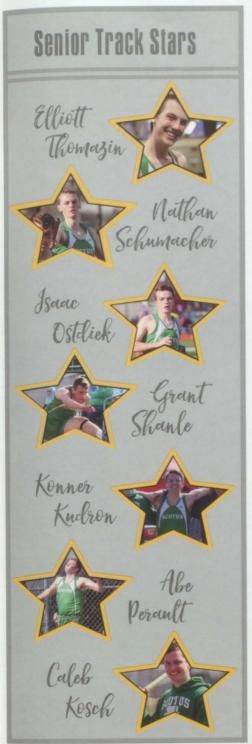

Sliva said, "The feeling I had when I qualified for state my first time was truly indescribable and one of those moments you won't forget in life."

Both boys were able to bring their best performance at Burke. **Shanle** and **Sliva** both had a personal best time in their hurdle races but were unable to qualify for finals. However, Shanle was able to squeak into the disc finals. With a throw of 152'3, **Shanle** earned an eighth-place medal.

Shanle concluded, "It's always a great feeling to know you are one of the best competitors in the state. It's a one of a kind moment."

different people who we normally

Lundrstum, 9

"Getting to meet new people."

Jaelyn Podalak, 10

"Being able to compete against different teams who are not in Class C."

Dalton Borchers,

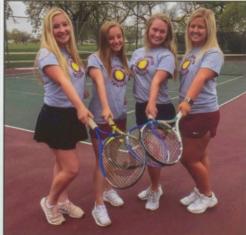

Swings of the Spring

Wrapping up the end of the year is the last two co-op sports with Columbus High School, baseball and girls' tennis.

Junior pitcher **Tyler Palmer** said, "I thought we performed well throughout most of the season, and even though we didn't reach our goal of making it to state, we still competed with everything we had and that's all you can ask of a team."

The boys had multiple close games that took all of their efforts. Their game against Seward went to nine innings, and the boys were able to pull off a win of 6-5.

Many athletes do not get the opportunity to be able to compete with athletes from a different school.

Senior left fielder **Caden Pelan** stated, "It's incredible to be around a different group of people and creating strong bonds with different kids from different schools."

The baseball team was able to finish right at .500 with a record of 11-11.

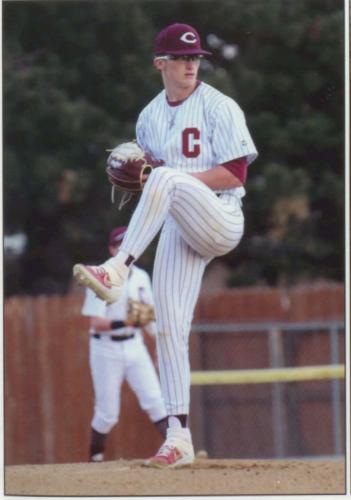

For any spring activity, the weather can control how the season begins and ends.

Junior tennis player **Lauren Ostdiek** added, "The hardest part about this season was the weather. We do not have indoor courts, so if it was wet or cold, we had to practice in the gym."

The tennis girls were able to make history by the end of their season. This year was the first year they have beaten Grand Island since 2012. They were also conference runner ups, which has not happened for fifteen years.

Spring sports always seem to fly by. The spring time is where the athletes become the busiest with finishing their schooling and ending their seasons.

Senior tennis player **Mira Liebig** concluded, "It was bittersweet because it was my last season, but I am so grateful for the last four years of tennis I've had."

meet at Elks

"The best part about golf for me is seeing how all the time I put in mixes with the talent that God has given me to help me perform well."

Bryce VunCannon, 12

"The best part about golf is beating Drew at the meets. I love rubbing it in his face and I hope that makes him strive to be better."

Seth VunCannon, 9

Fighting Through the Flooding

"A lot of underclassmen have made big strides in their golf game." -Evan Hant

The boys' golf team began the season with goals and high hopes, but the team experienced some major setbacks within the first few weeks of the season. The season began with freezing temperatures, rain, and snow. The boys were unable to practice outside for weeks.

"Having to practice indoors until about a week before our first meet set us back a bit from where we could've been," junior **Drew VunCannon** said.

The boys were able to practice inside for the first few weeks of the season, but many of them felt as if indoor training did not have the same effect as outdoor training.

"Practicing indoors is alright, but hitting fake golf balls can only teach someone so much about their game," senior **Cameron Johnston** said.

Another problem that arose was the flooding due to rain and ice jams in the Loup River. The team's home course, Quail Run, experienced a large amount of damage from the flood. Part of the course was ruined and not playable, and over half of the holes were destroyed. A few holes were scrapped together using a practice green and nursery green, making 9 playable holes for the team.

Despite the struggles with the weather, the team still showed much success and improvement. They won the Lakeview Invite along with two duals, and they were runner-up as a team at multiple meets.

"We only placed at a couple major meets this year; however, a lot of underclassmen have made big strides in their golf game," junior **Evan Hand** said.

The team placed 4th at the conference meet and 5th at the district meet, just two places short of their goal to go to state as a team. Senior **Bryce VunCannon** shot a 72 placing 5th individually which earned him a spot at the state meet. **VunCannon** was the only Shamrock to qualify for state.

"Unfortunately, our team didn't make it to state because of our tough district, but I was able to qualify by playing the best I had all year. It really felt like I broke through a plataeu," **VunCannon** said.

Unfortunately, the first day of state golf was canceled due to cold and stormy weather conditions, but **VunCannon** played well on the second day finishing just three over and securing third place.

Belleut each other.

"Not looking to your own interest but each of you to the interest of others." -Philippians 2:4

At Scotus, the average class size is sixty students. While many people wouldn't know what to do in a school that size, the Scotus students wouldn't trade it for the world.

Senior Hannah Allen shared, "I think Scotus is a smaller school. I love being able to know everyone in the school even people who are not my classmates."

Scotus strives to put off the best environment possible for all students and teachers.

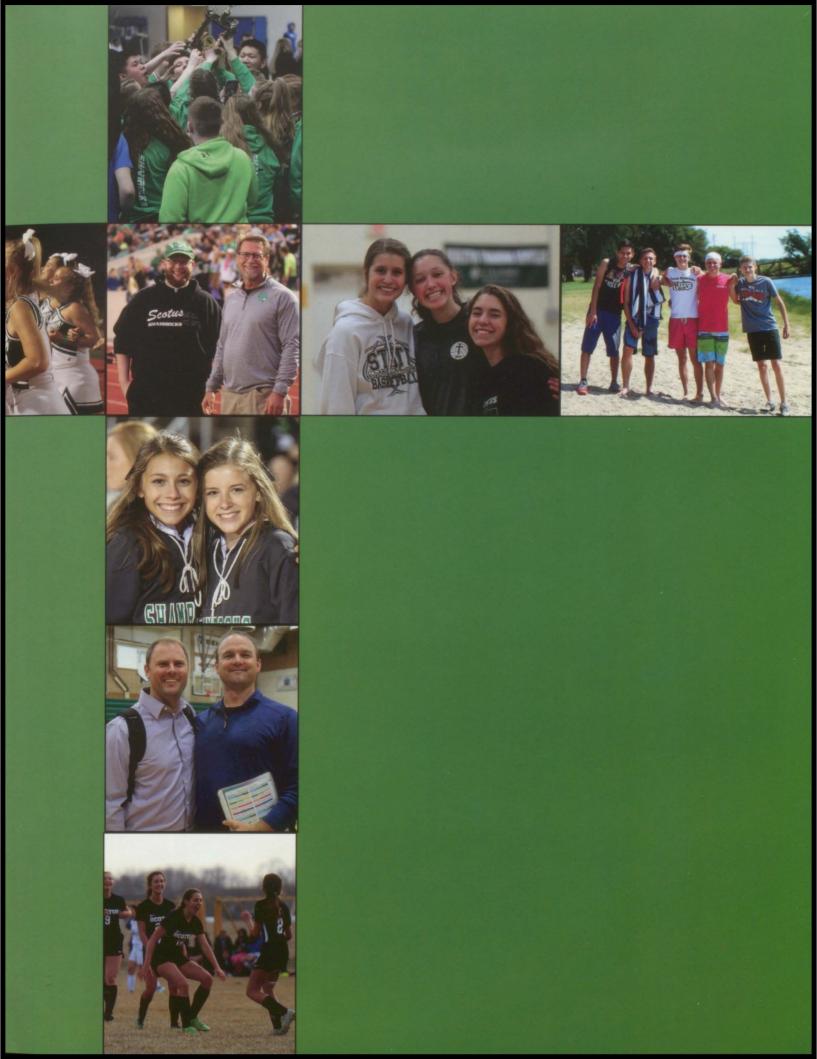

"[It is] just the fact that you can be having the worst day ever and then during passing period someone gives you a smile or starts talking to you and your day is made. I think just this type of support really does mean a lot," sophomore Camille Pelan said.

Throughout all the years students or teachers spend at Scotus, there is no doubt that they can always count on someone cheering on the team or just simply showing their support to the school.

Senior Bailey Lehr said, "During sports [I feel the support]. The school and community are very supportive. We also have a killer student section."

The students do not only feel the support of the community in the activities they participate in.

Senior Julia Pichler concluded, "I don't have a specific memory I can point out, honestly, but there isn't a day that I walk through these relaxed khaki painted halls feeling alone because everyone is here for each other."

Describe an awkward moment at Scotus.

"Once I accidentally called Mr. Swanson dad. Thankfully he didn't hear me."

Payton Schroeder,

"I went to the restroom during study hall in 7th grade and fell asleep. I didn't wake up till the bell rang, and when I walked back into study hall, everyone was laughing."

Henry Hernandez, 11

Nicknames

"Our own little thing." - Maddie Sueper

There are many different types of clubs and activities throughout Scotus, and they all have different ways of expressing themselves as a group. Many groups condition together to get in shape for the athletic season ahead while others bond through scavenger hunts and bowling nights. For the Shamrock Singers their way of bonding is by giving one another nicknames.

"It's a fun bond we share as a group," senior **Maddie Sueper** stated.

Shamrock Singers is directed by music teacher, **Laura Salyard**. She is known to her students as Señor Filipé. This year will be **Salyard**'s fourth year teaching at Scotus. **Salyard** is also an alumnus of Scotus and was in the singing group herself.

"The kids are having fun with it," **Salyard** stated. "It's a little weird, but funny."

The group contains students freshmen through senior, both boys and girls. A lot of them are also involved in many other activities throughout Scotus, but this group has a special bond that won't be broken. The nicknames range from Oswald and Philip to Simóne, Franklin, and Nicole, who is senior **Tommy Yu**.

"Maddie Sueper gave me the nickname Leonard last year and hasn't called me by my real name since then," sophomore Janae Rusher stated. "Her name is Raül."

Beyond the Classroom

ips made with students are so special." -Becki Zanard

Obviously, the teachers at Scotus put lots of time into helping and teaching students, but most of the teachers take time out of their busy schedules and family lives to be involved in extracurricular activities. The activities range from sports, fine arts, health occupations, and student body involvement, to helping the community. Many teachers oversee or are involved in more than one activity.

"I am involved in directing one-act, assistant coach of junior high boys' basketball, art club, Thespians, and spring play," art teacher Clyde Ericson said. "It's a great opportunity to bring out the best of myself. As a school we are here to bring the best out of each other. I hope the extracurricular activities I am a part of are examples of that."

English teacher **Becki Zanardi** supervises book club and is the assistant speech coach.

"The relationships made with students are so special. In speech, we're asking students to really 'put themselves out there' and take risks in performances and presentations," Zanardi said.

Science teacher Bridget McPhillips coaches junior high volleyball, is an assistant soccer coach, and helps with the science bowl.

"The most challenging part of being involved with extracurricular activities is spending that time away from home. I enjoy the practice and game time with the team, but I sure do miss my family when I'm away!" McPhillips said.

Journalism teacher Angie Rusher oversees journalism and Teens for Life.

"I think the most important part of extracurriculars is allowing students to pursue their interests and talents. I really believe we have an activity for everyone! It is definitely not just about sports around here; you can explore about anything you want at our school, and if there isn't something you like, we add new activities all the time," Rusher said.

"I make great brownies.

Mystery Man

Many students at Scotus take advantage of having a clean gym floor and bathrooms, yet nobody really knows who is behind the shiny, clean floors. The mystery man's name is Kevin Jedlicka.

Jedlicka has been working at Scotus for three years. He cleans the bathrooms, locker rooms, and the gym floors.

"The hardest part [of my job] is cleaning the restrooms and locker rooms during game nights. I prefer not to push a janitor cart during games," Jedlicka said.

Outside of cleaning the school, Jedlicka has many interests and hobbies.

"I enjoy driving Saturday nights after work. I also enjoy reading the Bible and would love someday to see the redwood trees in California," Jedlicka said.

Including the Newest Shawrocks

"They also get the opportunity to represent Scotus, and that is a big deal."-Jeff Ohnoutka

The transition from grade school to junior high is a large milestone in any student's life. They are introduced to new people, teachers, responsibilities, and activities. These activities can be stress relieving and can grow into lifelong passions. Whether it be music, football, speech, basketball, or cross country, there is always at least one activity a student can find enjoyable. Therefore, Scotus has been trying to introduce more activities to the junior high students.

"I think it's very important for junior high students to get involved for a lot of reasons. They can develop new friendships, they can try some new things, also they learn to budget their time and stay organized. They also get the opportunity to represent Scotus and that is a big deal," president **Jeff Ohnoutka** said.

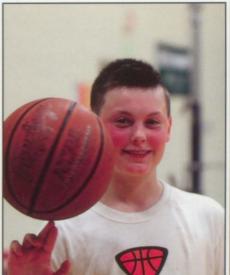

The junior high students have an opportunity to do a sport every season as well as the opportunity to participate in activities such as quiz bowl and speech, which was just opened to junior high students this year.

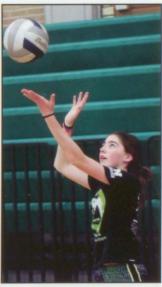

"As a pilot year, junior high speech was great. We competed in two meets, and we plan on doing it again next year. However, we will probably compete at three meets rather than two," junior high speech coach **Becki Zanardi** said.

This year's junior high students have proven to be extremely involved in the variety of activities offered to them.

"I think we have two great classes in junior high this year. They have been easy to work with, and I think the teachers feel like they have learned to give a great effort in the classroom. They have been good to each other and represented their school well in activities," **Ohnoutka** said.

The annual junior high lock- in was held the night before Easter break. The lock-in was open to all seventh and eighth graders, and involved different activites such as many tournaments and a dance. (top left) Eighth graders Neleigh Sliva, Alyssa Hiemer, and Brooklyn Brandt laugh in between games during the volleyball tournament (top middle) Eighth grader Mason **Roberts** poses for a picture during his free time in the middle of the night. Foining the Family

Being the youngest, smallest, and newest at a school can be terrifying. The seventh graders came into Scotus feeling scared, nervous, and lost.

"[The most terrifying thing about being a seventh grader is] having to figure out how to navigate around the school," seventh grader Isabel Zaruba said.

However, with the help of their classmates, teachers, upperclassmen, and the Shepherd Program, they became comfortable.

"My favorite thing about the Shepherd Program is that you aren't completely lost on the first day of school because of the high school student who helps you," seventh grader Haden Brabec said.

The seventh graders had the opportunity to be more involved with the senior high this year. With the Shepherd Program activities and getting to be part of homecoming week, everyone saw a more outgoing side of the seventh graders.

"My favorite [part of being involved in homecoming week] is feeling like I am part of the school and not left out," seventh grader Nicklaus Fleming said.

The seventh graders may have been intimidated coming into Scotus, but they soon figured out that they can be happy, safe, and surrounded with great people.

"I am with all of my friends, and I know that the teachers here will help me get a good education and help me follow in the footsteps of God," seventh grader Savannah Muchmore said.

ething that distracts you from stressful things." -Brennen Jelinek

As the world of technology grows, the want for the newest video game or game console increases. With games like Fortnite or Black Ops, it is an eighth grader's desire to play these games with their friends frequently.

Eighth grader Alex Long plays on his Xbox often when he has nothing to do at home. His favorite

game is Fortnite.

"Sometimes I get distracted and start playing [video games] instead of doing homework," Long said. Eighth grader Bryce Follette, enjoys playing Black Ops 4 with his friends because of the social aspect of it.

"[I like playing] because it's really fun, and even though many people say it's anti-social, you get to

interact with a lot of people while playing certain games," Follette said.

For eighth grader Brennen Jelinek, playing Fortnite or any video games does not distract him from school work.

"[I like playing] because you get to do something that distracts you from stressful things," Jelinek said.

Taking Time for High School

Even though junior high is in the same building as high school, there seems to be a big step when transitioning from eighth grade to ninth grade. With this comes many opportunities to be more involved. The freshmen found out just how full their schedules could become.

Freshman Luke Przymus was involved in football, basketball, track, Shamrock Singers, musical, and student council. These activities required a lot of time, but he thought being involved in these activities was rewarding.

"I love being involved in high school activities because of the friends you make, and it helps you find who you are and what you like to do," Przymus said.

Freshman Grace Mustard was a member of student council, Shamrock Singers, mock trial, and one act. She also played volleyball and basketball and enjoyed the variety of activities she participated in.

"With a small-town school, I think it is important for everyone to be involved as much as they can. Don't think that just pecause you are a star on the football field, you can't rock it with the band, too," Mustard said.

This was the first summer the freshmen were able to participate in open gyms and lifting in the weightroom to prepare themselves for their seasons.

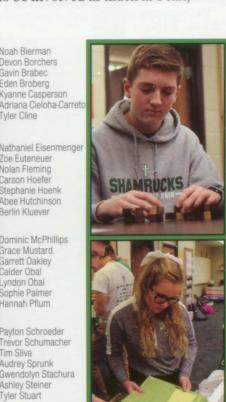

"[Being involved in high school activities is different] because of all the extra things you have to do for that sport in the offseason and all year round," freshman Lyndon Obal said.

It may seem that all the involvement in high school is time consuming, but most of the students found the good that ascends from being involved.

"It is definitely time consuming being in so many activities, but that's high school. I want to be involved as much as I can," Mustard concluded.

Age Difference Envy

"Sometimes I'm envious of my older classmates who can drive right now." - Kade Wiese

Some sophomores roll into the parking lot on the first day, excited to show off their new (or ridiculously old) cars, while their younger classmates fall out of minivans relieved to be at school before the tardy bell. For this class in particular, most students had to ride to school with a parent or sibling for the majority of the year.

Out of the 57 students in the sophomore class, only 21 students were able to drive with a license before Christmas. Out of those 21, only 5 students were able to drive themselves on the first day of school on August 14.

Sophomore Emily Ferguson's birthday is in February.

"I am about right in the middle for age in our class. Honestly, I do not mind being one of the younger ones. I learn from the older people in my class, especially from their driving stories and experiences!" **Ferguson** said.

Only a month older than Ferguson, Kade Wiese has a birthday in January, and he has a different perspective.

"Sometimes I'm envious of my older classmates who can drive right now because it's more convenient for me to drive to my activities right away than to have to wait for my parents or sibling to take me. Plus, being able to drive is awesome," **Wiese** said.

While the younger students in the class awaited their turn on the roads, one of the experienced drivers expressed that the excitement doesn't last for long.

"It is cool because I was the first one to drive, but it's bad because I always have to give everybody rides," **Josh Faust** said. **Faust** is the oldest student in the sophomore class. He is 14 months older than his youngest classmate **Kaira Dallman**.

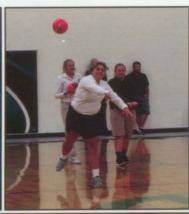

Dallman sees the downside to being the youngest, but she also takes the role with stride.

"I don't really like being the youngest because everyone else is able to drive when they are sophomores, and I have to wait until I'm a junior, but then at the same time I just have everyone else drive me so that evens it out a bit," **Dallman** said.

Dallman isn't the only one though, nine sophomores won't receive their licenses until after the end of the school year.

Lizzie Parker Camille Pelan Simon Picher Jaelyn Podolak Ashtyn Preister

Josh Styskal Ross Thorson Kade Wiese Madison Wittwer Kaden Young

From cheering on their classmates to participating in the games, the sophomore class had more opportunities to get involved in the pep rallies this year. (top left) Sophomores McKenna Mausbach and Kamryn Chohon pose for the camera during a pep rally. Sophomore Michaela Kresha throws a dodgeball at her opponent during the fall pep rally. Each team included two staff members as well as two students from each grade 9-12. Sophomores Nathan King, Janae Rusher, and Madison Wittwer are pulled across the gym on their "sleigh"

during a pep rally. The game they participated in was a Christmas-themed game.

In one sentence, how would you sum up junior year?

"Dear junior year, I won't miss you."

Liza Zaruba, 11

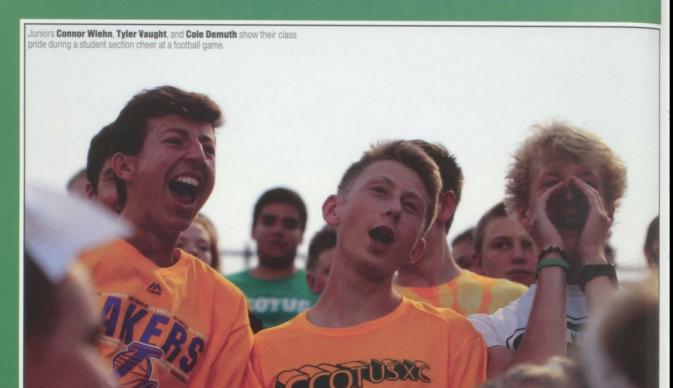

"Junior year is awesome. Love it, love it. I want it to be like this all the time. I love no sleep, and I love homework."

Connor Wiehn, 11

" 'Sorry Mrs. Dusel I didn't get the homework done last night.' "

QUEENS

Tiny but Mighty

We're just a small class with a lot of personality." -Katie Stachura

The junior class of 46 members was the smallest at Scotus this past year.

Being a small class comes with some challenges, but there are also many positive aspects to having such limited numbers.

"There are not a lot of challenges that come from having a small class, but one is that it is difficult to be loud enough when the student section asks, 'Juniors, juniors how do you feel?'," junior **Lauren Ostdiek** said.

Not only are student section cheers challenging, but so are fundraisers.

The junior class is in charge of fundraising for prom every year. They do this by selling candy bars as sophomores.

"We tend not to have enough money for [fundraisers,]" junior **Tim Ehlers** said. "For example, for junior prom we had to sell more candy bars than normal classes last year in order to pay for [the expenses]."

Something positive about having smaller numbers is the number of students in each class period. Students of the junior class tend to like the smaller numbers in the classrooms for many different reasons.

"I think we have a better learning environment because we have less people in each of the classes," junior **Tyler Vaught** said.

Not only do students enjoy the environment in the classroom, another positive aspect is the closeness of everyone in the class.

"In classes with fewer students, you build trust and friendships that you wouldn't have if you were in a bigger class," junior **Katie Stachura** said. "You get to know everybody a lot better, and you really have a better connection with all of your classmates."

Drew VunCannon

(top left) Junior **Eric Mustard** stretches before the dodgeball competition held by campus ministry. Juniors **Ryan Brandenburg** and **Brock Clarke** pose for a photo on their junior retreat outside of the Cathedral at Boys Town. Juniors **Sarah Bichlmeier** and **Henry Hernandez** smille for a picture to show off their costumes on character day during homecoming week.

What emoji describes senior year best?

Hannah

"The laughing crying emoji because I have laughed a lot, but I also cry every day."

"I feel that this emoji best describes my senior year because this year has come with many decisions that I hope will pay off in the end."

Sam Blaser

"This year has been full of fun times, so this emoji describes it pretty well."

Emma Brandt

viag amali dassi

"The sleeping emoji describes me because I am always tired and say I need a nap everyday."

Hanna

"Because I'm tired everyday."

09an Bennett

"Not sure, just love the emoji. It's the only one I use."

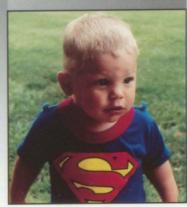

"Senior year has thrown some new challenges at me, and I never know what to expect."

Bailey Christensen

"This emoji describes my senior year because I'm celebrating leaving high school and moving forward."

"Senior year has been my favorite year in high school. I have already made memories that I won't ever forget."

"This is how I felt during calculus class with Mr. Salyard the whole year. This is also how I answered any question I got asked about what I'm doing after this year."

When did senioritis set in?

Prestyp Engel

"Probably a little bit after the year started."

Kelsey Fanst

"I think I've had senioritis since sophomore year."

Gary,

"The very moment the winter break was over, I wanna get out."

Patrick Herchenbach

"I don't think that senioritis really set in until this last semester; I can't wait for May."

Logan

"IDK after Christmas break."

Callan Fuchser

ColbyGilson

Rebekah. Hergott

"Senioritis set in for me the first day I walked into this school. Needless to say, senior year was much awaited for."

Jaden

"Freshmen year."

If you could start high school over, what activity would you participate in this time that you didn't before?

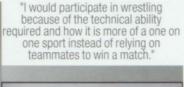

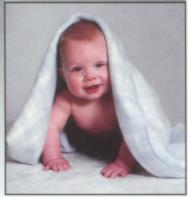

Cameron Johnston

Courtney

"The musical because I always thought it would have been really fun to express myself in another way besides playing sports."

Konner

"I would run cross- country. I think that they have a lot of fun."

Mira liebig

"I wish that I could have played volleyball and not had my four surgeries."

kendra Korger

"If I could start high school over, I think I would do chess club just to broaden my horizons."

Calebosch

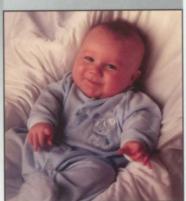

"If I could start high school over, I would participate in soccer just so I could try something new and fun."

Braden Labenz

"I would participate in one act and basketball. I have heard one act is fun and I enjoy watching it every year. Basketball has always been fun for me, so I would like to play, but I am not that great. This time I would want to play for fun."

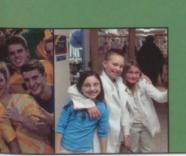

Bailey

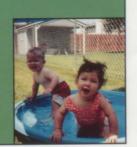

"I would do tennis. It looks like a lot of fun and a lot less running compared to track."

Kaity Lovell

"I would join one act freshman year because one year wasn't enough."

Where do you see yourself in 10 years?

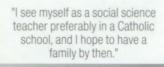

Isaac Chillips

Hallie

"I see myself back in Columbus teaching at a public school in a K- 4 special education classroom or at one of the Catholic schools teaching kindergarten or 1st grade. I'll spend the summer with my kids while my friends complain about having to go to work everyday."

Cadenpelan

"I hope to be married or almost married and want to be on my way to becoming a doctor."

Cheydon untrey

"In Texas."

Rylie

Abram Perault

"I couldn't tell you; I'm technically legally blind let alone seeing into my future. But for real, I see myself married with seven kids. Otherwise, I'll probably be a priest."

Julia

"Completing my goal of eating Subway in all 50 states."

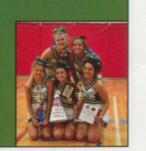

Julia Salerno

"I would hope to be getting out of med school and starting a family soon."

Describe your senior year with a 5 word story.

LUCAS

"Going fast, but it's great!"

Abigail Stuart

"Very fast and extremely fun."

Emily Stutzman

"As long as I graduate."

Elliatt

"The end of the beginning."

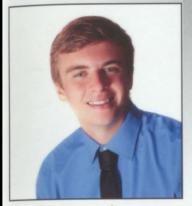

Grant Shanle

"I could use a nap."

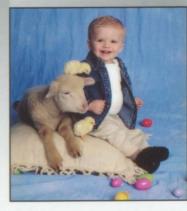

"I just want to leave."

Blake

"It was pretty dang cool."

Madeline Sueper

"I'm already accepted into college."

"I want to go home."

If you could change one rule at Scotus, what would it be?

Eduardo Torres

"If I could change one rule, it would be being able to dye your hair other than natural colors."

Daniel

"I would change the dress code because I wear the same uniform 5 days a week."

Bryce Cannon

"I would change the sock rule. I feel like there is little opportunity to express yourself in your dress at Scotus, so this change would make it more fun to dress for school."

Tyler

"Guys having to shave their facial hair. Facial hair adds character to a person, and, lets remember, Jesus had some facial hair."

Abbie Zoncha

Daniela Valdez Ortiz

"If I could change one rule, I would change the socks rule because I want to wear socks that have different colors."

Mariana Valdez Ortiz

"If I could change one rule at Scotus, I would change the dress code. I would at least add more dress down days to the school calendar."

Tommy

"It would be if you aren't Catholic, you don't need to take a religion class."

Drew Zaruba

"Scotus is perfect. Honestly, it's not for everyone."

What are you going to miss most about Scotus?

"I will miss all of the friends that I have made at Scotus: the ones I grew up with and the ones whom I recently got closer with. Some people drive me crazy quite often, but I know that this class wouldn't be the same without them."

> Hallie Parker. 12

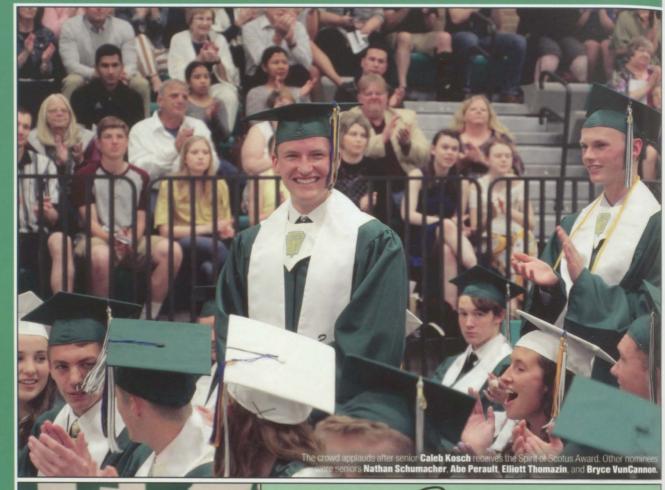

"I'm really going to miss the amazing people at Scotus. Transferring in isn't easy, but my classmates made me feel at home. I've only been at Scotus for two years, but I loved my time here."

Patrick Herchenbach, 12

"Knowing people and saying hi as I go through my day."

Isaac Ostdiek, 12

Hig Mark

"I am lucky I get to teach and/or coach a large group of the seniors from 7th through 12th grade so I feel like I get to know most of them very well. I will miss the happy and friendly attitude that the Class of 2019 brought to the Scotus hallways. This is a group that worked hard and had fun at the same time!"

-Mrs. Tooley

"I admire the support they have for one another. I think we have learned a lot from each other. When we share thoughts, experiences and stories within a group of people over the course of a school career there is a connection. The seniors are going to graduate and move on, but I hope that doesn't mean an end to that connection."

-Mr. Ericson

"For the most part this senior class is self-motivated, they want to do well in all aspects, not just academically. They definitely have been a fun bunch, high-spirited, willing to share their various opinions. I truly believe that they are very supportive of each other and are there for one another when the going gets tough, and there have been some tough times to get through. I will miss their smiles and positive attitudes, and God has truly blessed them with many talents!"

-Mr. Brockhaus

Closing the Yearbook

But family sticks together." - Mathan Schumacher

The class of 2019 came together one last time for their graduation ceremony that took place on May 12th in the Dowd Activity Center. The same place where many of them competed in sporting events such as volleyball or basketball; however, the class of 2019 excelled in many other activities and qualities along with sports.

"Throughout the course of this year, their leadership has been outstanding." They have been excellent examples to the younger students, and I thank them," president Jeff Ohnoutka said in the May issue of Shamrock Lines.

Not only did the class of 2019 show leadership skills, they also excelled in the classroom. Many students in the class received high ACT scores, as well as maintaining a high GPA while balancing their extracurricular activities. Elliott Thomazin was named to the Omaha World Herald's All West-Central Academic Team -2nd Team.

"Academics have always been a top priority for our class. Athletics and the fine arts teach valuable lessons, but the reason that we go to school is to receive our education. Whether it be a long night spent studying for a Chemistry test, or an early morning spent polishing homework that is due next period, we did whatever it took to get great grades," Thomazin said.

Lastly, besides leadership qualities and academic skills, the 59 students upheld strong comradery throughout their years at Scotus. They made it a priority to support one another in various activities and made it known that they wanted the best for one another.

Senior president Nathan Schumacher opened the ceremony on May 12th with a speech and talked about the togetherness of the class for his closing statement.

"All fifty-nine of us have taken one journey together throughout high school, but today we all begin fifty-nine separate journeys, but family sticks together, and we hope that some of our journeys may cross some time down the road, " Schumacher said.

Grant,

The memories from our sweet little boy to a strong, funny, caring, smart young man. Your journey will have its ups and downs and we are blessed God chose us to be apart of it. The things you have accomplished have brought us great joy. We are so proud of you!

We Mom, Dad, Garrit, and Ryan

Emily,

We are so proud of the strong, confident, young lady you have become.
We wish you the best on the next chapter of your life.

We Mom and Dad

Daniel,

We are so proud of you and all of your accomplishments. Keep reaching for your dreams and God will show you the way. We love you.

Mom, Dad, Nathan, and Noah

Bailey,

We are so proud of you and all of your accomplishments! You are so sweet and special, and you can achieve anything you want in life! Keep working hard for it and carry Jesus and your awesome smile with you wherever you go.

We Love you, Mom, Dad, Walker, Calvin, and Brooke

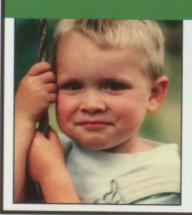

Cameron,

We are so proud of the mature and responsible person you have become. We are excited to see what the future holds for you. Thank you for the joy you have brought to our lives.

(OVe Mom, Dad, Brandon and Samantha

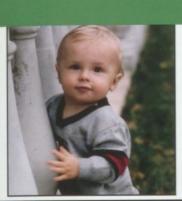

Nothan,

We have watched as you have grown into the person you are today, and we're watching with great anticipation to see what you will become. With your talent and determination and with God's help, the sky is the limit. We are very proud of you.

May God bless you.

We love you, Mom, Dad, and Sarah

Hannah,

We are so proud of you. You are beautiful inside and out! Love you more than you will ever know.

We Mom and Dad

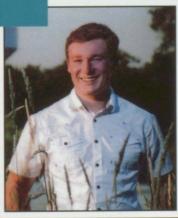

Braden,

You have grown into a fine young man and we are truly blessed to call you our son. As you begin your next chapter in life, remember to keep your faith in God and always believe in yourself. We are proud of you, we love you, and wish you much success and happiness!

Love Mom and Dad

Don't let the world change your smile, let your smile change the world!

Kendra,

It is hard to believe that in a few short months you will be graduating and on your way to college. We are so proud of the amazing young woman you have become. You are beautiful inside and out, and you are one of the biggest blessings in our lives. We love you more than you can know, Kenny!

(OVe Mom, Dad, and Chase

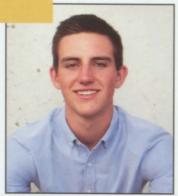

Caclen,

You have just completed a very important and successful chapter in your life. Now you will start your next important journey that will be even more fun, exciting, and challenging than the previous. Continue to work hard, stay motivated, and keep your eye on all the success that is waiting for you when you are done. Congratulations on all you have accomplished. You have a bright future ahead!

We are so proud!

Ove Dad, Mom, Camille, Cohen Calben, and Cason

Blaney,

Congratulations Blaney! We are proud of your strength, determination, and accomplishments. Enjoy every minute of the next chapter. Love you Binx!

(We Mom, Rick, Luke, and Jac

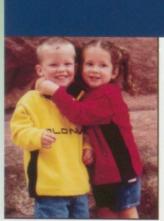

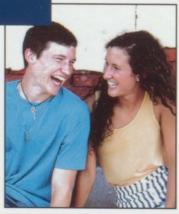

Courtney and Caleb,

Your faith in God will lead you in the right path Your love for life will be never ending and your smiles will brighten everyday. Love you forever and always.

Mom, Emily, Anthony, Rebecca, and Dad in Heaven

Mattie,

We knew you were a character since you were little!! Thanks for being you! You will always be the Queen to us!

(We Dad, Mom, and the Gang!

Evan,

We are excited for your next journey in life and know with hard work and determination you will be successful. You will always hold a special place in our hearts. We love you more than life! Remember to always keep the faith!

We Mom, Dad, and Neleigh

Jacken,

We are so proud of the determined, beautiful, strong young woman you have became. We are so excited to share the next chapter in your life and always know the sky is the limit on what you can do and what you will do!

OVe Mom and Kelly

Jules,

God truly blessed us when he chose us to be your parents, and we are forever thankful. We are incredibly proud of the young woman you are becoming and are beyond excited to see where your future takes you. Your passion for life and strong faith continue to amaze us. Remember to always take God with you wherever you go and always Stand True. Copper Boom!

OVe Mom and Dad

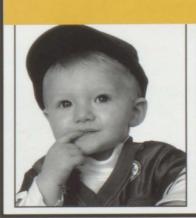

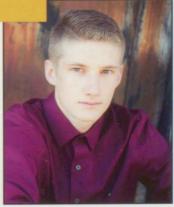

Sam,

Words cannot express how proud we are of you and the young man you have become! You are kind, thoughtful, and good-hearted, and now the rest of the world gets to see what we have come to love. We know that your strong faith and love of Christ will guide you as you begin your next journey. Enjoy every moment!

(eve Mom, Dad, and Maddie

Madstirs

You are God's biggest blessing to us. We have cherished every moment watching you grow up and are so proud of your accomplishments, your talents, and the overall amazing young woman you have become. Keep God close to your heart and he will lead you in all you do. Stay sweet. Stay sarcastic. Stay humble. Stay fierce. Most importantly, stay true to who you are and what you believe. WORLD BEAT

THIS YEAR'S TOP HEADLINES IN SPORTS, TECHNOLOGY, MUSIC, MOVIES AND POP TRENDS

WEATHER TO REMEMBER

This year's weather was nothing short of extreme as major earthquakes and Kilauea volcano eruptions shake Hawaii, colossal hurricanes Florence and Michael hit the Southeastern coast and massive wildfires span over 1.9 million acres in the West.

ROYAL MILESTONES

Following their marriage in May 2018, the Duke and Duchess of Sussex (Prince Harry and Ms. Meghan Markle) announce that the Duchess of Sussex is expecting their first child in Spring 2019.

SOCIAL CLIMBER

A small female raccoon, nicknamed the "MPR Raccoon" by the first news outlet to report on the story (Minnesota Public Radio), scales all 25 stories of the UBS Plaza building in downtown St. Paul, MN. The #mprraccoon becomes an instant internet celebrity with photos from viewers tracking the raccoon's journey posted all over social media. The daredevil raccoon is safely captured and released.

END OF ESSAYS

All 8 U.S. Ivy League colleges and universities drop their ACT/SAT essay requirements in an effort to break down barriers in the application process for low-income students. There are now just 21 schools that still require the essay portion of the ACT or SAT.

SAY GOODBYE TO PLASTIC STRAWS

Starbucks, the largest coffee chain in the world, will eliminate plastic straws globally by 2020. Straws will be replaced by recyclable strawless lids and alternative-material straw options, eliminating over 1 billion plastic straws per year from Starbucks stores alone.

SHOWCASED **ART SHRED**

England-based artist Banksy's painting titled Girl with Balloon shreds itself after \$1.4 million sale at the Sotheby art gallery auction in London on October 13th, 2018. A shredding mechanism housed inside the artwork frame activates after the sale, stunning onlookers.

The highest bidder still proceeds with the purchase of the artwork, now titled Love is in the Bin.

T BYE-BYE BEETLE

Volkswagen will stop global production of their iconic Beetle car in July 2019. "The Bug," with its instantly recognizable body shape, is a symbol of the 1960s counterculture movement and is featured in numerous movies and artworks worldwide.

↓ LATEST LAUNCH

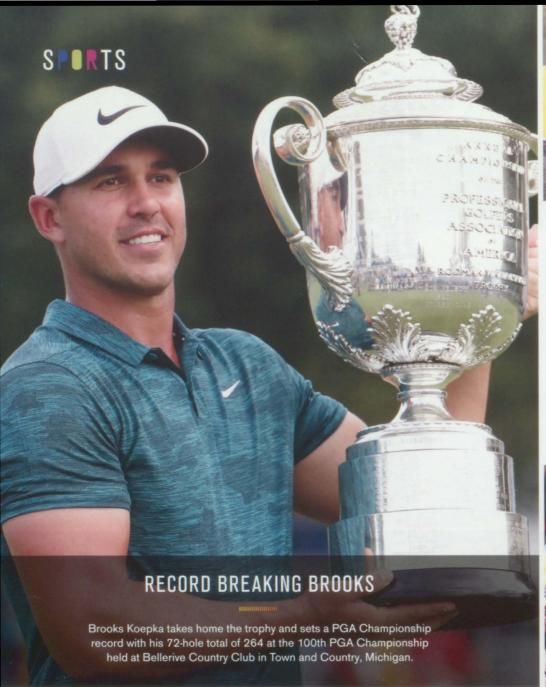

NASA names 9 astronauts who will fly the first crewed launch to the International Space Station from U.S. soil since the shuttle program ended in 2011. Astronauts will be aboard Boeing's CST-100 Starliner and SpaceX's Crew Dragon for test flights at the end of 2018 to early spring of 2019, with missions beginning in summer 2019.

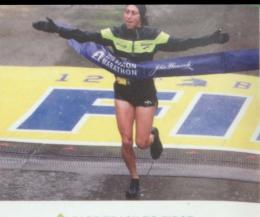

A WHOLE NEW WATER WORLD

The world's first virtual reality water slide, The Space Glider, opens at Galaxy Erding water park in South Germany. The 35-second, 520-foot water ride has each rider wear a water-friendly headset to experience virtual roller coaster rides in environments such as space, sky or snow.

T FAST TRACK TO FIRST

Desiree "Desi" Linden becomes the first American woman in 33 years to win the Boston Marathon.

↓ RECORD SETTING SUPERBOWL

The New England Patriots achieve a sixth Super Bowl title, defeating the Los Angeles Rams 13-3 in the lowest-scoring Super Bowl on record. This is the Patriots' eleventh Super Bowl appearance, with quarterback Tom Brady breaking several records including most Super Bowls played (9) and most Super Bowls won (6).

1 WORLD SERIES

The Boston Red Sox defeat the LA Dodgers 5-1 in game 5 to become the 2018 World Series Champions.

1 ALL-AROUND ATHLETE

Gymnast Simone Biles wins her fifth all-around title at the U.S. Gymnastics Championships in August 2018. She is the first woman to win five all-around U.S. National championships, claiming every title from 2013-16.

1 MATCH MADNESS

Naomi Osaka, 20, defeats Serena Williams, 36, in her first Grand Slam title. Serena is also fined by the referee for receiving coaching during the match as well as for arguing about the referee call.

WORLD CUP WIN

France defeats Croatia 4-2 in the final match of the 2018 FIFA World Cup. This is France's second World Cup title, won exactly 20 years after their first victory in 1998.

FAN FAVORITES

2018 ESPY BEST FEMALE ATHLETE

Snowboarder Chloe Kim, gold medalist in the 2018 Olympic Winter Games.

2018 ESPY BEST MALE ATHLETE

Alex Ovechkin of the Washington Capitals, 2018 Stanley Cup Champions.

TIGER TRIUMPH

The Clemson Tigers defeat the #1 ranked Alabama Crimson Tide 44-16 in the NCAA College Football Championships.

UNITED IN VICTORY

Atlanta United defeats the Portland Timbers 2-0 in the 2018 MLS Cup.

TECH/SCIENCE

AWESOME APPLE

Apple® is the first publicly-traded company to be valued at \$1 trillion.

The latest Apple iPhone® debuts include the iPhone Xr, Xs and the Xs Max, which are the most expensive models yet.

TRANSPORTATION INNOVATION

Major cities introduce highly successful motorized scooters that bring competition to existing ride-sharing transportation methods such as Lyft and Uber.

PLASTIC PROJECT

A massive net deploys in the Pacific Ocean to gather plastic in an Ocean Cleanup effort. The creators of the project estimate the system can remove 90 percent of the plastic in its designated area by 2040.

SPEED IN SPACE

Retired Jamaican sprinter Usain Bolt tests his speed in a simulated zero-gravity airplane, defeating two astronauts in a space race.

DRAMATIC DISCOVERIES

Scientists James Allison and Tasuku Honjo receive the Nobel Prize for Physiology or Medicine, recognizing their advancements in harnessing and manipulating the immune system to fight cancer.

The search engine Google celebrates 20 years with a doodle recreation of the first Google office (in collaborator Susan Wojcicki's Menlo Park garage), popular search topics from the past and other various commemorations.

ENTERTAINMENT

FILM FANATICS REJOICE

The dreams of film buffs come true with the rapid rise of movie ticket subscription services like Movie Pass, Sinemia and Stubs A-List from AMC.

↓ MARVEL COMICS VISIONARY

Stan Lee, the Marvel Comics leader who helped create a new era of superhero storytelling, passes away at age 95. Lee influenced the creation of humanized superheros with their own unique personalities. Spider-Man, X-Men, the Avengers, The Fantastic Four and Black Panther are just some of the many leading hero characters he brought to life.

HEROES OF THE BIG SCREEN

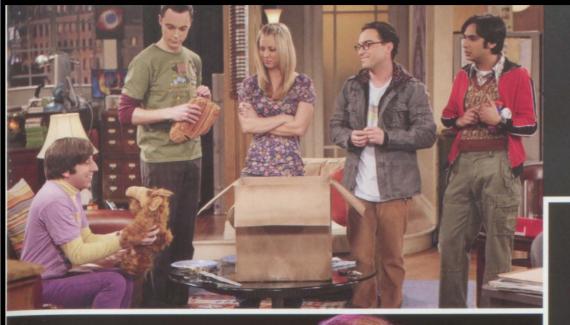

Spider-Man: Into the Spider-Verse

Ralph Breaks the Internet Incredibles 2

BIG BANG ENDS

The 12th season will be the last for the sitcom *Big Bang Theory*. The last episode of the series airs May 2019.

TOP RADIO SONG OF 2018:

"Perfect" by Ed Sheeran

† QUEEN OF SOUL

Aretha Franklin, known worldwide as the "Queen of Soul," dies at age 76 from pancreatic cancer. Artists such as Ariana Grande, Jennifer Hudson and Chaka Khan perform tributes during her eight-hour funeral service.

→ RICH OPENING

Romantic comedy *Crazy Rich Asians* is the first major U.S. studio release with an all-Asian cast since 1993's *The Joy Luck Club*. Opening U.S. weekend box office totals reach \$26.5 million, marking the best debut for a U.S. romantic comedy since *Trainwreck* in 2015.

CLASS OF 2018

COUNTRY CROSSOVER

Country singer Maren Morris has a successful 2018 with her song collaboration with Zedd and Grey, "The Middle," helps earn her first Top 10 hit on the Billboard Hot 100. Morris also receives five Grammy nominations, three alone for "The Middle" including Song of the Year, Record of the Year, and Best Pop Duo/ Group Performance.

Dua Lipa has a record breaking year with her No. 1 hit "New Rules." The track hits one billion views on YouTube and on the Billboard Pop Songs chart. Dua Lipa wins 5 BRIT awards and breaks the record for most BRIT award nominations. "New Rules" is also Warner Brothers' first No. 1 pop song by a female artist since Madonna's "Take a Bow" 23 years ago.

John Legend wins an Emmy for Best Variety Special, becoming one of the youngest EGOT winners in history. EGOT stands for the four largest awards in the entertainment industry: Emmy, Grammy, Oscar and Tony. Legend is also the first African American man to achieve the EGOT title.
