Our goal is to provide the best possible care for your child. We will provide a warm, secure, engaging environment to encourage your child's growth. We believe communication between home and the center is vital. **If you have not been associated with the program before, please write a short description of your family and of your child(ren) in the space below. Also include any goals or concerns you may have.** That will help us with our planning. Please include any information about custodial parent arrangements. Legally, we are to provide information to both parents, unless we are given a court document instructing us otherwise.
